ALDERMAN KEVIN WITT: Second.

PRESIDENT J. MIGUEL RODRIGUES:
Seconded by Alderman Witt. All in favor?

ALL: Aye.

PRESIDENT J. MIGUEL RODRIGUES:
Correspondence?

CLERK RICHARD MCCORMACK: Good evening.
We have a letter this evening from Alderman-Elect
Kevin Gomez. "As Ward 2 Alderman Elect, I'm
writing to extend my enthusiastic support for the
Common Council's approval at the December 2nd

public hearing and council meeting of the proposed spot zoning of 137 Linden Avenue. As noted by the mayor in his address, this is a step in the right direction to address issues of density, quality of life with improved parking and new housing opportunities for residents in Linden Avenue and Chappell Parkway vicinity of our ward.

"As a Ward 2 alderman, I look forward to supporting these endeavors along with those shared by our economic community development and new homeownership opportunities to advance the quality of life for all of our residents. Again, I thank the mayor, the city administration, and the common council for moving our city forward with a shared comprehensive vision that advances our city's economic development and quality of life for our residents. Respectfully yours,
Kevin Gomez."

ALDERMAN PAUL JOHNSON: Received and filed.

CLERK RICHARD MCCORMACK: That's it.

PRESIDENT J. MIGUEL RODRIGUES: For the good of the city, do we have anyone that would like to come up?

MAN 1: (Indiscernible).

PRESIDENT J. MIGUEL RODRIGUES: Jim?

ALDERMAN SPARROW TOBIN: Would you ask
to come up?

MAYOR JOSEPH DESTEFANO: Well, when I
get up, I (indiscernible).

PRESIDENT J. MIGUEL RODRIGUES: Let's
do the special recognition right now. No? I
just said for the good of the city.

MAYOR JOSEPH DESTEFANO:
(Indiscernible).

PRESIDENT J. MIGUEL RODRIGUES: All
right.

MAYOR JOSEPH DESTEFANO: That's what it
says.

ALDERMAN SPARROW TOBIN: Look at your
agenda.

MAYOR JOSEPH DESTEFANO: It's okay.
I'm here. I'm here to help.

ALDERMAN SPARROW TOBIN:
(Indiscernible) him up.

ALDERMAN PAUL JOHNSON: Oh, yeah, yeah.

MAYOR JOSEPH DESTEFANO: I'm here to
help. I went home and fell asleep on the couch,
so I had to come back. I'm a little dazed.

PRESIDENT J. MIGUEL RODRIGUES: Little?

MAYOR JOSEPH DESTEFANO: Yeah. That's why you're here, yeah. First we'd like to -- we have two people leaving the council this evening. First is Sparrow Tobin. Maria, can you just switch to the slide there. We had -- confusing Maria too. So...

DIRECTOR MARIA BRUNI: (Indiscernible).

MAYOR JOSEPH DESTEFANO: On behalf of the city, I wanted to sincerely thank Sparrow for his dedicated service to our community and his time on the common council. His commitment, thoughtful leadership, and passion for our city has certainly made a lasting impact on Middletown, and his efforts have helped improve the lives of our residents across our neighborhoods, and especially in the 4th Ward.

When Sparrow made that extra effort, you went outside the 4th Ward. You took on issues. You were important citywide and to our community. So we're also thankful that you're going to be taking the place in the county legislature.

You know, for the best past three-plus years, we haven't had representation for the

majority part of our city. People like Janet Sutherland, who represented at the time a small part of our city, and this coming term she represents more because of the redistricting. But at the time, Janet really stepped forward. And Mike Paduch had a smaller section -- the small section of the city also.

But for the most part, we had very little if no representation from our county legislator who represented our city. You are now going to step into that position. We know you will do a good job, but at the same time we wanted to thank you for your leadership here on the common council and wish you the best. So if you could come up, we'd like to present a plaque to you on behalf of myself and the members of the common council.

(Applause)

Our next is Alderman Kleiner. You know, at the Middletown Democratic Committee meeting this past week, the dinner we had, we honored Gerry for his service to the Middletown Democratic Committee, which extends many, many years. But tonight, I wanted to express my gratitude and the gratitude of the community and

the city in the 2nd Ward for Gerry and his 16 years of dedicated service on the Middletown Common Council. Unlike Mr. Masi, Gerry is a man of conviction on the counsel. He's always looking out for --

ALDERMAN GERALD KLEINER:

(Indiscernible).

MAYOR JOSEPH DESTEFANO: -- always looking out for others. You really have -- you've been the historian for city in many, many respects, especially the council, bringing up historical issues for the city of Middletown at our meetings reminding us why things were the way they were here in the city. So I will miss your thoughtful comments on national affairs here at the meetings too.

And in recognition of your 16 years of service to the city of Middletown, we would like to present you this plaque for your leadership, your integrity, and your deep care for the city of Middletown. And some day we're going to see all those pictures that you've taken over the years.

MAN 2: Thousands.

MAYOR JOSEPH DESTEFANO: Yeah,

thousands of pictures. So we -- if you can come up, Gerry, we'd like to present you with a plaque also.

(Applause)

MAYOR JOSEPH DESTEFANO: That's it.

(Indiscernible).

PRESIDENT J. MIGUEL RODRIGUES: All right. And now remarks of the mayor.

MAYOR JOSEPH DESTEFANO: Just sat down.

PRESIDENT J. MIGUEL RODRIGUES: Yep.

MAYOR JOSEPH DESTEFANO: I already mentioned Legislator Janet Sutherland, and Janet's here this evening as the resolution that we have today on the floor for the Coach USA that we discussed on the Board of Estimate primarily is -- it has moved as quickly as it has over the past couple of months because of Legislator Janet Sutherland.

When she got involved in the project, she took it on because the project -- you know, it stalled during COVID and we were unable to move the project. So between Janet, Jacob Tawil, and the county planning department and Steve Neuhaus in the county, we had a meeting here at the Middletown Transportation Center, the current

one.

And Janet took the bull by the horns and really made it -- made the project move. A few days ago we did get an email from Coach clearing up the purchase issue, and we are now on our way to move forward on that project. So I wanted to publicly thank Janet for her efforts in making that effort restart, I guess is the best word. But it really was stalled for a few years, and she deserves all the thanks. So, thank you, Janet Sutherland.

The next is the O&W project. We finally closed on the project. And by closed that -- on the tax credits on Friday. As you know, this project is a \$43 million project. Probably will be a little bit more by the time we're done. But a key part of it in order to make it affordable, we have a significant investment of Middletown money into this project, Middletown taxpayer money into the project.

But in order to make this project even affordable, the RECAP had to step forward. RECAP is putting in \$9.8 million into this project. And the other part of it, key part of this project was some other state and deferral grants

that we received. And the delay was the new market and the historic tax credits. So the total of the three credits, historic tax credits federal, was approximately \$5.3 million.

Historic tax credits state were about \$3.6 million. And they came through the NTCIC as the investor, and that's a national group.

And then W Ventures, a -- new market tax credits came up with about \$5.3 million. And out of that, the next expense to the city was about \$1.9. So we're going to net about \$12 million on this project. But the key was we could not award the contracts until the new market's tax credits were closed, and that is now done. And the historic tax credits. That is now complete.

I believe next Thursday or this Thursday, there is a meeting at the engineer's office to kick off the project. And so you will now see progress being made. The erector set that we've seen for the past few months is going to change, and the project is moving forward. It's very costly, well worth it in my opinion and I think the residents of the city of Middletown, especially with all these additional funding

opportunities.

So, I want to thank Maria Bruni, Caitlin McNamara, Leonora, who handled the new markets and historic tax credits. I want to thank Jacob Tawil for his work on the project also and his advice as moving forward on the project. If the project fails, it's Jacob's fault, not mine. It won't fail. It'll be a great project.

And even our insurance agents Greg Townsend and Brian Seigerman. They did a great job. It was really intense with the weekly phone calls where 40-plus people on a call on a weekly basis trying to coordinate all the. And then as you came down to the wire, they almost became dailies calls.

I wasn't on all of them, but Maria, Caitlyn, Aliyah, and Leonora were, and they really did a great job. Alex Smith participated a wee bit, but for the most part we had outside counsel on this, Baker and Hostetler I think out of Texas, but people who specialize in these types of deals.

It's the first time in my recollection that we've ever done a new market project. I

don't recall the city doing a historic tax credit project. The reason why it makes it so complicated is that a government is not eligible to sell the tax credits, so we had to create LLCs, for-profit entities, lease banks, and all types of things that are really behind my -- beyond my pay scale.

But all of the advisors that we brought in were able to make it work, and we closed on the project, and we now have the money in hand or commitments in hand, and the project is moving forward. Next Maria?

If you had the opportunity, we had a film at the Paramount Theater, and it was a true story from 1991 here in the city of Middletown, Teenage Wasteland where teenagers who taught video journalism in high school went -- who took teenage journalism in high school went beyond the typical student projects and uncovered an illegal toxic waste dumping scandal that became big news in this area and this region and nationally. Made a lot of national news.

The catalyst was Fred Isseks, who encouraged his students to use camcorders. They did a lot of filming, as I mentioned at the last

meeting. Miguel was in the -- one of the cameramen when he was in high school with this. And we just had a lot of positive feedback from all over, emails to the city, saying what a great job was done in, you know, not knowing that we're the school district. It really was a school district project.

But as you know, the school district did sign off on the movie rights to -- and they're donating -- the producers are donating a \$50,000 scholarship to a Middletown High School student. So a great project. Hopefully it'll make the big screen. Supposedly Netflix is looking at it, and -- but the community really came out in support of Fred and all those involved in the movie, and it was a great movie.

I also had the opportunity to speak at both Monhagen Middle School and Twin Towers Middle School taking questions. Kevin was there as -- working with the school district, and there were a lot of good questions from a lot students. They do pay attention. They were -- this was their civic class, I guess, and we had a snow date but we did make it up.

And there were a lot of good questions.

I wanted to thank the Middletown School District for inviting me, and I really had -- you see some of the students in the picture here that were the proctors for the question-and-answer period, and they did a great job. So I wanted to thank the students and the faculty and the administration of the Middletown School District.

It was -- I hope I don't screw up her name. Alexandra (Indiscernible), I think. Close enough Kevin said, right? (Indiscernible)? All right. See if she can say DeStefano correctly. But we had a great time. There was about 45- to 50-minute sessions, each one, and they did a fantastic job prepping the students. And the students did a great job and -- with their questions and follow-ups.

We also have restarted, not myself, but the Pattern -- Hudson Valley Pattern for Progress, has once again begun the Regional Mayor discussions, which up until COVID, we were meeting on a monthly basis. And this group now is starting to meet with City of Beacon, Peekskill, Kingston, of course Middletown, Port Jervis, and the City of Poughkeepsie, and I believe the City of Newburgh too will be in on

the monthly calls or the -- whenever needed.

But it's starting to discuss issues, regional issues, advocacy, and was actually a great forum when we had it meeting in place. We are now doing it on Zoom, but we will be meeting probably on a quarterly basis possibly to have further discussions. And this is to advocate for local small-city issues, both locally and statewide.

So we had our first meeting last week. I want to thank Jonathan Drapkin, a former Pattern for Progress director, and Adam Bosch, the current president of the Pattern, for putting this back together. And it really was full of information for all of those that were on the call.

We also have -- we'd like to introduce -- or not introduce, invite the community to the eight annual Middletown Festival of Lights menorah lighting on Sunday, December 21st. It will begin at 5 p.m. at Run4Downtown Park. Our rabbi assistant from the Temple Sinai will be there. I think it's especially important in light of what happened in Australia that our community step forward and show some support.

And so you're all invited, including the public, to this event at the Run4Downtown Park on North Street.

And also, last night Mr. Masi I know attended the Middletown Police Department Youth Leadership Academy graduation here at city hall. And I believe they had at least 25 graduates. My understanding is it's Sergeant Welch's last graduation. She'll be retiring sometime this year. And as some students were so impressed with the project and the program that they came back and took it for a second time to wish Sergeant Welch the best.

So I want to congratulate the chief on his beautiful community outreach program, and it's had much success. And you can see that by the looks in the eyes of the kids in the pictures. So that's all I have. If you have any questions, I'd be more than happy to address them.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for the mayor? All right. Okay.

MAYOR JOSEPH DESTEFANO: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: Remarks of department heads. Economic development?

DIRECTOR MARIA BRUNI: Good evening, everyone. I just want to give a special thank you to my department team that was working on the tax credit capital stacking and all those phone calls and Zoom calls, and just amazing work, and the time spent on it. And so I would like to personally thank them all as well.

We have a ribbon-cutting tomorrow. Wizard of Dolls on 5 South Street, 3:30 p.m. Come join us to welcome a new retail in our community. Looking forward to the ribbon-cutting tomorrow. And all -- just looking for support on the resolutions I have on tonight's agenda, and wish everybody happy holidays and looking forward to another successful new year. And I thank you for everything.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for Maria? Thank you, Maria. DWP commission?

COMMISSIONER JACOB TAWIL: Good evening, all. I want to start with thanking Alderman Kleiner and Alderman Tobin for their services. Alderman Kleiner has been -- always kept us on our toes and all the time discussing every little detail about every little project

that we really got involved in.

We will miss you very much. I know you're not going to be going too far, and neither is Alderman Tobin, but I'm sure you'll continue to come and be a very effective influence on all the decisions that are made in the city of Middletown. We appreciate that very much. Thank you for everything.

Alderman Masi, the reservoirs are at 69 percent, so we keep dropping. It's relatively dry. We are in a -- very dry for a few months for some reason. Hopefully Thursday night into Friday we'll make up some between the accumulated snow and a couple of inches we're going to get. Hopefully that will help us.

But we are ready to start bypassing and skimming from Indigo if we need to. But we're holding back to see where this weather is going to take us because it just -- there's no predicting it.

I'll run through the capital projects as well very quickly. We had a problem with the under drain system and the dissolver flotation at the package plant, which is -- basically it's failed diffuser that was fixed. The guys from

the water department Brian Smith and the crew in there, they jumped in and they were very effective along with H2O, the private operators that we have for the water treatment plant.

We're waiting for some test results for some paint system that we used. Once the test results come in from the lab and they are cleared, then we can put the dissolver rotation package plant back in line again on an as-need basis because it's not needed because we don't have that much water demand at this time.

Thirty-six water main to replace the twenty-four-inch raw water main. The design is in progress. I had very short meeting with the design engineers B&L, Barton and Loguidice, and we had to discuss some major tie-ins and so on and so forth to simplify the project. And that's moving along very well, the design.

Heritage Trail, which is segment from West Main Street all the way to Ingrassia Road, that's under design and now we're discussing security cameras. And the mayor, he wanted to incorporate additional parking, which we -- that was studied, evaluated in some leftover city property, and that was a great idea from the

mayor. And now it's going to come to reality to add more parking behind the Salvation Army.

The court, city court project is moving very well, and just moving forward with the construction. Short Line project, the mayor updated you on it. And I'm just moving quickly, very quickly with this to come to a fluoride incident. I just want to tell the public about the fluoride incident that happened at our water treatment plant.

It occurred back in November 10th, and during a shift when our licensed water treatment operators, one operator he inputted the wrong decimal point on the SCADA system, which caused fluoride to overdose a significant amount of gallons into the water over a five-hour period.

Unfortunately, the operator did not tell the chief operators. And behind me sitting here are our private chief operators. I asked them to come into the meeting in here just to show that, you know, they have a tremendous amount of investment into our system in here, and they have a personal investment. I've known these people many, many years. The older guy. The young guy, he's -- I just met him a few

months ago. But the older guy, I worked with him for many, many years.

PRESIDENT J. MIGUEL RODRIGUES: Which one?

COMMISSIONER JACOB TAWIL: But he was -- when he was superintendent of some private water system and I was the design engineer for that private system. So he used to be my boss at some point. I'm his boss now. So that's -- so I brought him in here to show the -- you know, the level of commitment that they have and to help me answer any questions in case of any questions about dates, quantities, and all that stuff that I may not have for you readily available because they leave it there.

Keith is there, you know, every day and he's monitoring the whole situation. So the problem happened is that the operator, the license -- the Department of Health licensed operator did not follow his rules and regulations. He did not report the overdose to the chief operator. If he did, the chief operator would have immediately informed me and I would immediately inform the mayor. And then we would have taken steps to flush and recover the

fluoride that was overdosed into the system.

That did not happen. I only found out about this when the chief operator came into my weekly meeting on Tuesday, last Tuesday, a week from -- last week. So he informed me of the situation immediately. We informed the Department of Health. Department of Health, they started doing their own thing, their own investigations. We started doing our own investigations and our own reporting, and so on.

And we found out that there are some certain things that we have to improve in our system so this situation does not happen again or minimize it. Nothing is impossible. We're dealing with humans, and sometimes, no matter how many checks and balances we put in, things could happen. And the idea is to catch them whenever they happen and to react, to recover.

Things will happen at any given point in time, whether it is accidental or purposely or whatever. It's just the idea is finding out immediately and getting into the process of recovering, meaning capturing the chemical before it goes into the distribution system.

So far, based on the amount of fluoride

that was fed and based on the testing that was done, we could not detect any elevated level of fluoride into our distribution system. Remember it was fed over a month ago. But all the tests -- we are required to do five. We're to do entry point three times a day. Correct, Keith?

KEITH HERBERT: Correct.

MAYOR JOSEPH DESTEFANO: Three times a day we have to test for fluoride, meaning the entry point, which is when the treated water leaves our water treatment plant side and it goes into the distribution system. Before it gets into the distribution system, we're required to do that three times a day to test for fluoride with a grab sample.

And nothing was detected for -- no elevated level of fluoride was ever detected. And in the distribution system we have to do that five times a week. I'm speaking from memory right now. And Keith --

KEITH HERBERT: Correct.

MAYOR JOSEPH DESTEFANO: -- correct? Five times a week we have to take samples throughout the distribution system for fluoride. And we did not catch any elevated level of

fluoride. So it's some kind of a mystery in here. We're trying to pin it down more and more and more to see if really what happened and the quantity of fluoride. Maybe it was exaggerated. Maybe it was not 44 gallons per minute over five hours. Maybe it was over much longer period of time.

So we're doing the calculations. Albany Department of Health is involved. Orange County Department of Health is involved, and we all put our heads together. So Tuesday we found out about the incident. Wednesday we unplugged the system. The mayor and I, we made the decision.

We wrote the department of health. We said, look, we're going to stop feeding fluoride until we install additional measures of controls in there. That will safeguard against this matter being repeated. Minimize the potential of it being repeated.

And one of the things we did, so everybody can understand, we took a larger chemical feed pump, put it to the side, and we installed a small chemical feed pump. So the operator even, by inputting the wrong number on

the SCADA system -- and the SCADA, basically it's the computerized system that controls the entire water treatment plant. It varies the quantity of chemicals. It varies the flow. It -- we can decide which drain to run. All the drains, none of the drains, what amount of flow, what amount of chemicals. All that's done through that computerized system. But the operator has to do that, input the information.

There are lots of alarm systems in there. So improved -- so we threw out the larger chemical feed pump. Now we have much smaller chemical feed pump capable of feeding basically just a little bit higher than what we anticipate to be using. So even if the operator makes a mistake, chemical feed pump cannot pump much higher number than 12 gallons per day versus 7 gallons per day is what we need. So 4 gallons versus 7 gallons, the amount.

So, also, we set up alarms in there. It changed our operating procedures, so no operator, licensed operator can change any set points of the alarm or alter any alarms without written instruction from the chief operator. Although they are licensed, although they are --

some of them are -- most of them are the highest level license that you can have an operating water treatment plant, but we want to have all the checks and balances and following the chain of command. And this way we will have more accountability.

We changed our SCADA system so that it will log people out two minutes after they sign in. So if you make any changes, the SCADA system will capture your name and will tell us exactly what you did at that time. It's all accountability and all that stuff. Again, this water treatment plant has been running without any hiccup 24 hours a day for the past over 15 years without any issue.

This is the first time that I recall that we ever had any overdose. And the trouble is it was not reported. With that, I will conclude my remarks. If you have any questions for me...

PRESIDENT J. MIGUEL RODRIGUES: Any questions for Commissioner Tawil? Thank you.

COMMISSIONER JACOB TAWIL: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: Fire chief.

CHIEF ROBERT BRADY: Good evening.

Tonight you guys are going to be voting on nine new volunteer members, which is great. Again, we're bringing in a lot of new members, a lot of new faces. Hitting the high schools and getting the younger members in is really working for our recruitment side. That's a good problem that we're having.

Fire calls, we are ending the year with a bang. Working fires, we are up probably 25 percent from last year. On Thanksgiving we had a second-alarm fire on Bonnell Place, and then on 12/7 we had a second-alarm fire on 127 Academy Ave., which I also would like to thank the police chief and his members that were there that helped evacuate four of the residents.

Daytime fire was well advanced. Yeah, aggressive attack and everyone went home. I think the one resident was taken to the hospital for smoke inhalation. And that's all I have.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for the fire chief? All right, thank you, Chief. Police chief.

CHIEF JOHN EWANCIW: Good evening. The graduation last night was actually a great

turnout. It's a great event. As it was mentioned, Sergeant Welch will be retiring the early part of 2026. I don't know exactly yet. Hopefully it gets pushed off for a time. The kids last night were great. They actually -- as the mayor mentioned, several of them -- this is more than -- they've done it more than one time because they enjoy the program. They enjoy interacting with Sergeant Welch.

We know they are going to be big shoes to fill. That was the eighth graduation of the Youth Leadership Academy. That was something we built from the ground up. That was a quick conversation between myself and Sergeant Welch that has grown. She's taken that and really, you know, expanded it and like allowed it to grow into what it is today, along with all the other members of the department what work with her to make that successful. So little recognition there.

But none of that can be done without the support of all of you as well. So we appreciate that you continue to give us the support to do the programmings that we want and the things that we want. And I'd like to thank

you all for everything that you've supported the police department with through 2025. Alderman Kleiner, Alderman Tobin, I wish you the best as you enter into the next part of your journeys. You will be missed. I'll still be here, so if there's anything I can do for you, by all means.

This Thursday, the police department has partnered with the fire department, the school district, several of our local businesses from restaurants to some of the grocery stores and the Salvation Army. We're going to do a community dinner to give back to some of the people in the community that maybe have fallen on hard times or need some extra support.

So this Thursday, Salvation Army will be prepping throughout the day cooking and then serving between 4 and 7. So if anybody would like to join us, we'll be over there. We have several volunteers. We appreciate all of the support. All of the businesses that we spoke to didn't even hesitate; absolutely, we'd love to help the community.

All of our partners from the fire department, the school district, everybody is like absolutely we'll be there. So we appreciate

that, and we're hoping for -- to have a positive impact on the community. And it's going to be great for us to be able to give back to the community as well.

And then lastly, I have happy holidays. You know, I wish you all and your families a happy, safe holiday, and I look forward to working with you in 2026.

PRESIDENT J. MIGUEL RODRIGUES: Okay. Thank you, Chief. Any questions? Thank you, Chief. Senior director?

DIRECTOR JULISA SIERRA: Good evening to all. Thank you so much for this opportunity. I want to just say we're ending the year with happiness and good things, and I pray that for the next coming year the senior center will continue to grow with your support and your encouragement of new programs.

I want to especially thank Alderman Kleiner for always supporting us, and now you have the time on your hands. So I hope that you visit us in our programs. And Alderman Tobin, same with you, that you continue to flourish in your new endeavors. And that's all I have. Thank you.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for our senior director? All right. Thank you. City clerk?

CLERK RICHARD MCCORMACK: I just wanted to also extend thanks and congratulations to Alderman Tobin and Alderman Kleiner for your work on behalf of the city. It's been a pleasure working for you the last few years. Sparrow, I look forward to working with you on the county, and, Gerry, I'm sure I'll see you around. Don't be a stranger. Happy holidays.

PRESIDENT J. MIGUEL RODRIGUES: All right. Remarks of aldermen. Alderman Masi?

ALDERMAN JOSEPH MASI: Thank you. Alderman Tobin, we've only been together for a short period of time, but you've certainly demonstrated leadership, and thank you for all the hard work. And now teaming up with Janet representing Middletown, we're looking forward to working with you.

Gerry, you and I have been together for many, many, many years. You know, with you leaving, you now make me the oldest person on this council. But we always didn't agree on every issue, but you were very passionate in

whatever you did and whatever you believed in, and you went forward with it. And I think you did a tremendous job, and you are going to be missed here. And I wish you, obviously, the best. And I know we'll continue to see you.

Everyone out there, whether it's merry Christmas, happy Hanukah, or happy Kwanzaa, I wish you all the best, and a happy and healthy new year to everyone.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Witt.

ALDERMAN KEVIN WITT: Thank you very much. First, I just want to mention that tomorrow on Wednesday, December 17th, the Middletown School District is having a job fair, the lower level gymnasium from 5 to 7 in Middletown High School. They're hiring or we're hiring full-time educators, teaching assistants, security aides, and bilingual keyboard specialists.

They're hiring part-time special education aides, monitors, and food service workers. So if you're looking to work even, you know, part time or full time, I know a lot of cases where part time becomes full time. So

please consider this. It's on our website.

There it is. Thank you.

To Gerry and Sparrow, this was a good team right here, and I'm going to miss it. I really am. I think you guys both served honorably. I think you both remain true to who you are. You tried hard, and you both made a difference. So I wish you both the best of luck, and thank you for your service.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Green?

ALDERMAN ANDREW GREEN: Excuse me.

Thank you very much. Yeah. Alderman Tobin, we came in the same freshman class of aldermen, as you would say. It's been a pleasure to work with you and I look forward to continuing to work with you as you move to the county level and see all of the wonderful things you'll be able to do for us there.

Gerry, we've still got two weeks, so I don't know why I'm saying anything right now. But, you know, it's been nothing short of a great learning experience for me. You've been a wonderful colleague, a wonderful mentor, and a wonderful friend. I'm going to miss having you

sitting next to me, but I know you'll never be far away. And I'm sure we'll see you at plenty of constituent meetings. I hope you still come and be in the audience there and certainly we'll lean on your for your historical expertise and all you are so passionate about. So thank you so much for your service. And that's all I have. Happy holidays, everyone.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Kleiner.

ALDERMAN GERALD KLEINER: I was going to say nothing this evening, but no one would believe me. So, I want to report -- well, first let me say that this was the youth leadership academy, and thank you to the chief and for Sergeant Welch.

It is amazing to see the young people understand that the police do and what community is all about and want to get their picture taken. So that was terrific, and I'm happy to be invited to it.

We had our constituents' meeting last Monday, and it was cold. But I thank Chief Ewanciw and Officer Brownstein for being there. They explained a lot about the new software. And

it's amazing what it tells you and -- without reading plates or anything specific like that. It just gives you a whole lot of information on traffic patterns. And so, Chief, thank you very much for that.

The warming station will have two training dates coming up at 7 p.m. on January 6th and January 26th. So if you think you'd like to help and you think you'd like to volunteer, please come to the Mulberry House on those days. We had our big meeting today with everyone from the county and locally involved in the warming station. And again, the chief and lieutenant were there and very proactive in dealing with issues in transportation.

And when you -- the warming station's been full most nights. Been more than full, so you have a question of what do you do with the overflow. And they've been working on that and very successfully. So thank you, chief. Thank you, Lieutenant Thoelen.

I hope to see everybody at the Festival of Lights. That's -- I think this is the eighth one now that we've done, and it's a good -- it's a very good way for the community to get together

and show support. Thank you for the Democratic Committee, who also gave me a special plaque and very meaningful inscription. And it was really nice to get that. So thank you.

The Middletown city departments have been terrific. And I don't think people appreciate really how good the departments are. And our police department is unbelievably good and gets compliments from everywhere. DPW, you know everything they do. It's an amazing, really unbelievably well-functioning department.

Our assessor has been terrific. I know they're supposed to be independent from the city, but she's appointed by the city and she's been terrific. The whole department has corporation counsel. Give Alex credit.

PRESIDENT J. MIGUEL RODRIGUES: Some credit. Don't give him too much credit.

ALDERMAN GERALD KLEINER: Well, he's done everything we've asked. And the finance office, you know, we couldn't ask for more. Maria, community development, and Caitlin and everybody in her office, the city clerk's office, Indira and Laura -- Lori. And Rick has done a great job.

The mayor's office runs this city beautifully. The senior center is very popular, and we -- thanks, Julisa, and everybody and the staff there. They do a great job. The bid, the Paramount, parks and rec, it's -- we had that presentation at the last meeting, and anybody who says there's nothing for kids to do in Middletown just isn't paying attention. But kids and adults too.

So -- and also, the fire department, both paid fire department and the volunteers, to -- amazing turnout and -- we get. And thank you, Andrew, for what you do for the fire department. It's terrific.

I'll not only be around, but I'm still going to be the president of the Middletown Historical Society. That's technically the Historical Society of Middletown and the Wallkill Precinct, Inc. We're open. And this is my twelfth year as president. So I'm -- I say I'm the involuntary president of the all-volunteer society.

But until someone else wants to take over, we really think it's important. And Peter Laskaris has been our city historian for 40

years, and just an encyclopedia of Middletown history. And last year we were open on Christmas day and New Year's day. This year we'll be open on Christmas Eve and New Year's Eve because everyone stays from 1 to 4 regardless. So unless the whole city gets closed down for ICE or something, that's it.

I have learned, not having the Empire Plan anymore, what a mess the insurance field is. So we're doing the best we can to deal with that, but it's amazing. And the federal government is not helping at all. There are so many human rights that people don't understand. There's human rights that we officially as a country no longer recognize.

So -- and I noticed this year they did not have the student art exhibit in -- and it's their take on human rights. There isn't one this year. So unless that comes up sometime in the future, but it's hard to tell what human rights means anymore. Corruption, it's just out of control.

So I don't know. Trump Derangement Syndrome means something different to me than it does to Donald Trump. But anybody who calls

people low IQ and then says they're going to reduce healthcare costs by 700, 800 percent by 1,200 percent, and they're calling someone else low IQ, it's really unbelievable.

So that's -- there's so much, but I just basically say thank you to everyone Thank you to everyone on the council. It's been terrific working with you. Thank you, Miguel. Thank you, Rick. Thank you, Mayor. Thank you to everyone in the city. And maintenance, I mean, he's terrific.

So I guess I'm a fan of the constitution. That's what my political science and my graduate philosophy work tells me. I do tell people when I went to Austin to graduate school, my tuition was \$50 a semester. But what I don't remember to say is that high-test was \$.16 a gallon. So those were different days.

But I hope to make it to the ribbon-cutting tomorrow. I'll be at the historical society. I'll see if I can get out for that, but meanwhile happy Winter Solstice. Happy -- merry Christmas. Happy Hanukah. Happy Kwanzaa. Happy New Year, and thank you very much, everyone.

(Applause)

PRESIDENT J. MIGUEL RODRIGUES:

Alderwoman Wray.

ALDERWOMAN KATE WRAY: It's hard to believe we're not going to hear your remarks again. That's concerning. Because I've got to say over the years, Gerry, the amount of things I have learned about not just Middletown, but your pretty cool and fantastic life, I really hope you've documented it in some way.

Because I would love having a conversation with you and going home and be like, kids, did you know what Gerry Kleiner did when he was younger? It was just that you really have such an amazing story, and it's such a pleasure to have worked with you these years. And I love that you have an unwavering passion for what you do.

And you being at the historical society, I can't imagine who I would go to about anything Middletown besides you. So it's been an absolute pleasure and honor, and I hope you enjoy relaxing and not having to be here mixing it up with us all the time.

And, Sparrow, it's been great to work with you, but we're going to still work with you

because now you're a legislator. How great did that work out for us? So I congratulate you on your win, and I'm excited to see what you do up there at the county level.

I would like to thank all of the employees here in the city of Middletown because we sit here and we approve the projects, and we approve how we spend the money, but you guys are the reason it all works. You know, between our fire department, our police department, every city employee, parks and rec, what we're doing here and what we offer is astonishing.

And it's because our employees are just a cut above. I mean, I've been to other municipalities, and I -- the friendliness and the helpfulness of our staff, this is why we are what we are here in Middletown. So I'm proud of you all, and thank you for a very successful year.

And as we close out this year, on a personal note, I just would like to say to everyone here in the city, you know, my family and I had a tough year. And I cannot thank you all enough for the support for myself and my kids, and just really reaching out. And I just feel very, very loved here, and I just thank you

very much for all that you've done for me and for mine. So, with that, I can't say enough how lucky I am to be a Middie. Happy holidays.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Johnson.

ALDERMAN PAUL JOHNSON: Well, well, well. So several years ago, I referenced the movie *The Boys in the Boat*, and I still think it's a good analogy today. We pull in synchronicity with the same oars. We don't have a lot of substantive dialogues here at the council table, but that does not mean that substantive dialogues did not take place.

I want to wish both of you the best. Of course, Gerry, you're not totally rid of me because you're still going to be on the Community Campus Committee, first Wednesday of every month. So mark that back down on your calendar.

Sparrow, we're obviously looking forward to great things, and we appreciate all that you've done for this council.

O&W, congratulations. You had brief glimpses over the last few months of a very arduous and painstaking process involving dozens of people at various points in their levels of

organizational skills, shall we say, of trying to keep everything straight. And just congratulations. It just was not easy even though you tried to make it look easy.

Teenage Wasteland, you know, I was on the board back in that day, and that whole department and project was not without controversy at the time. Mayor referenced going to the middle schools and being -- noting the civic mindedness of those children. And when you watch this movie, which I assume most of you did, which was -- if you lived it, it was riveting, just think how all those elected officials in all those clips, when they went to work that day and said, oh, there's a bunch of teenagers coming in to talk about the environment.

And then the look on their faces when those were the questions, and it was all being filmed. And the answers really didn't work out that well for many of those people as history proved. So congratulations to Dr. Isseks. And I think one of the best parts of that were seeing the clips of the kids in high school and then interviewing those four or five people as adults thinking back to how it was.

Of course, Miguel was on the cutting room floor, but you probably had a noteworthy mention for that. So I appreciate that.

PRESIDENT J. MIGUEL RODRIGUES: I made 60 Minutes.

ALDERMAN PAUL JOHNSON: Oh, was that you there? Oh, okay.

PRESIDENT J. MIGUEL RODRIGUES: I was there.

ALDERMAN PAUL JOHNSON:
Congratulations.

PRESIDENT J. MIGUEL RODRIGUES: And for four years I was a camera guy.

ALDERMAN PAUL JOHNSON: See? I didn't see you in the credits, but I'll go back and watch it again.

PRESIDENT J. MIGUEL RODRIGUES: I'm there.

ALDERMAN PAUL JOHNSON: Okay. You know, it is the holiday season, but I'm sorry that we have to acknowledge the events of the last week. Three -- at least three of you on this council have children who are either in undergraduate or graduate levels of their education. I finished giving my students at Fei

Tian, all four of them, their final exam.

My granddaughter just started high school, so I'm in a tunnel of sorts. I will try to hold down the septuagenarian seat here at the council table, but it won't be easy. They're children. Some may say, well, they're not children, they're young adults. But in my world, in my mind, they're children. I spent a semester with four children who -- many of whom came from Vietnam, came to a different country, mastered a second or third language, and tried to navigate being a freshman at college taking biology.

All of your children have done the same thing, and whether we want to talk about guns or not, I don't. But the fact of the matter is we should never lose sight that all of these children know what it means to shelter in place. And that is not a good thing. Thanks.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Jean-Francois.

ALDERMAN JUDE JEAN-FRANCIOS: Yes.

Good evening. I have to start with Gerry. Gerry, thank you for your wisdom and your knowledge. I don't know if you remember when I first come on board, you took me to the

historical building, and you took me aside to show me around all of those pictures. To me, it looked -- the place looked like a big flea market. It has so much stuff in there, and Gerry was showing me the pictures, you know, and plates, and all kind of stuff. I was like wow.

And when I left there, it was -- I had so much knowledge just being in the city of Middletown. Thanks to you for your wisdom. Thank you for your service. You definitely will be missed. The meeting will be a lot shorter without you, but...

ALDERWOMAN KATE WRAY: We still have Jacob.

ALDERMAN JUDE JEAN-FRANCIOS: But thank you for all you do, Gerry. Appreciate it. Good luck moving forward in anything that you do. All right.

Sparrow, on behalf of the 4th Ward community, we thank you for what you do. Thank you for being a great partner over the years. We really pushed each other, especially during the campaign season and with you calling me. Are we going to go out today? Usually you picked three days out of the week. I said, man, I'm not up to

it. Come on, let's go for a couple of hours. And once I hear that, that gets me going. And we always, you know, go out there and do what we're supposed to do. I want to thank you for everything that you do, all right? You rock, man. I think you'll do well as a county legislator. Good luck with everything. Thank you.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Tobin.

ALDERMAN SPARROW TOBIN: Well, I encourage everybody to go to the Festival of Lights. It's very festive. It's a great event. As I step down after eight years, I have two things that I've been working on I'll pass off to the next public safety committee chair. The speed bumps, we have two locations. The plan was to put them in as a pilot and see how they work.

So the next step is to get the data from the police chief to see how effective they are and then decide if you guys want to move forward with them. And then how effective they are. I think they're effective. And then step two would be to create guidelines to, you know, and requirements if you want to put them in other

places in the city.

The nuisance calls, I think Alex is working on the third draft of the iteration of the nuisance calls. So someone will have to pick up on there. Gerry, you know, it's been such a pleasure to work with you. I know you're on the Democratic Committee. You have so much institutional and historical knowledge about the city. It's been great to work with you and get your perspective.

And I would say you're the John Perrino of the city council. And if you know John Perrino, I think that's a compliment. So you're always everywhere, and I truly look forward to seeing those pictures too.

I don't usually speak at great length, but tonight at my final city council meeting as alderman, I want to take a moment to say thank you. Thank you to the voters, my fellow aldermen and women, the mayor, and all the people I've had the privilege of working with in this role. It has truly been an honor.

And as I look ahead, I'm excited to continue serving by representing Middletown and the county legislature. Sitting here, I realize

I will miss these meetings more than I expected. While we handle serious business, there's always been a great sense of humor in this room, and you could see that tonight. You could feel that. And that has made the work both meaningful and enjoyable.

I especially want to thank my partner Jude. We work well together, always pushing each other to do our best. I couldn't have asked for a better partner over the last eight years. I will truly miss working alongside you.

I look forward to working with Legislator Janet Sutherland in the future for Middletown. Over the time -- over my time on the council, I've learned a great deal about our water system and our sewer system, screw pumps, copper sulfate. Tonight I learned about fluoride. Traffic lights, code enforcement, local laws, how the local government really works.

But more importantly, I've learned how deeply this mayor and common council care about the city and how thoughtful every tax dollar is stretched to deliver the greatest benefit to our residents. Because it really is.

I've also learned that we are fortunate enough to have some of the most talented department heads in the region. Their work speaks for itself. The way they collaborate is so impressive. They're exceptional professionals and even better people.

I've never brought them a problem that they didn't give their full effort and attention to solving or find the right person who could. I have learned what a forward-thinking police chief and dedicated police force we have. They truly are the heroes and our city is safer because of it. The same could be said of our fire department.

I've walked almost every street and every neighborhood in this city, and in doing so, I've learned just great our neighbors and our family owned businesses are, and how they care about our city. And one thing I still haven't learned, though, is what's going on with that taxidermy dog in front of DPW, why we have so many streets named after oak trees, and how keeps stealing all my pens. I'm down to my last one.

ALDERMAN JUDE JEAN-FRANCIOS: I've got one.

ALDERMAN SPARROW TOBIN: But some things -- yeah, I think that's mine. Some things I guess will remain a mystery. But I could go around the room and praise each of you individually, but that would take a long time. So instead, I'll close by saying how much I have appreciated your opinions, your perspective, and your dedication. Each of you brings unique talents to this team, and our city is better because of it. Thank you.

(Applause)

PRESIDENT J. MIGUEL RODRIGUES: All right. Lastly, I want to congratulate Gerry on his retirement. I met Gerry once taking pictures of me and my kids, and I didn't know who he was. Then I thought he was the media or he was The Record or something.

And then I realized that he's just a regular guy, and he got involved. And we had some battles, but we always respect each other. We've gone back and forth for many, many years. I think Gerry only missed one or two meetings the whole time, right? Only two meetings. That takes a lot, you know? That's a lot of commitment and dedication.

So I know you're going to be around. I know you'll speak up if we do something not right or anything. I know how you are, and I do appreciate you. You know, when you come in here and you tell us about the history and everything, I always double check and I always Google it to make sure you're right. You are right, and it's always a pleasure.

Any time you talk about Gettysburg, I take the trip down to the Gettysburg and look for anything from Orange County, and especially from the city of Middletown.

And Sparrow Tobin, we've been friends, we've been going back and forth. You email me any time of the night, 2:00 in the morning if there's a stop sign that's broken or anything. It's always been great.

The county is changing, but I -- you know, I know that you will bring the right leadership. I don't want a \$15,000 grant every year. Hint, hint, I want money, you know? It's like we want representation. It's, I believe, one meeting a month.

So -- and I know you'll do good. I know that you will represent the city of

Middletown in the right way, and I look forward to working with everybody on the county level. And just make sure that if Newburgh gets something, we get double what Newburgh gets. If Port Jervis gets something, we get double than Port Jervis. Just make sure you bring it back home. So that's the biggest key.

Congratulations again. I know you are welcome any time at the county -- at our meetings to speak and come up and give us any updates. Heritage Trail, let's not wait another 30 years. Let's get it done. Let's work on it. And go from there. Thank you.

All right. New business.

CLERK RICHARD MCCORMACK: Good evening. We have a resolution sponsored by Alderman Kleiner authorizing an amendment to the city code to remove a handicapped parking space at 9 Sunnyside Avenue.

PRESIDENT J. MIGUEL RODRIGUES:
Resolution sponsored by Alderman Kleiner.
Seconded by Alderman Green. Any discussion?
Roll. Alderman Witt?

ALDERMAN KEVIN WITT: Yeah. Thank you. So we agreed about a year or so ago to put this

in. This is -- a landlord had a tenant who was in need of this, and it was with the idea that we would get rid of it when it was time to get rid of it, and that time has come. And the landlord held up her end of the deal by letting us know about this. So I just wanted to give you the background on that, okay? Thank you very much.

PRESIDENT J. MIGUEL RODRIGUES: I have motion by Mr. Masi. Do I have a second? By Alderwoman Wray. All in favor?

ALL: Aye.

PRESIDENT J. MIGUEL RODRIGUES: Aye. Correspondence?

CLERK RICHARD MCCORMACK: We have one letter this evening. "Dear Members of the City Council, We respectfully request that the City of Middletown Common Council approve a zoning change from OR2 to UR3 for our property located at 137 Linden Avenue, Middletown, New York.

"This project will preserve the property, benefit the community, and address current zoning restrictions in a manner consistent with the board's standards for granting variances. The redesign of the conversion will preserve the historical façade and conditions of existing historic building while modernizing the interior to provide much needed housing of the community.

"It will also preserve a historic structure, maintain the aesthetic and cultural value of the neighborhood. The proposed zoning change aligns with the city's goals of promoting economic development, increasing housing availability, and enhancing community services, such as creating parks with walking trails and picnic areas.

"The property's location at 137 Linden Avenue cannot only increase the housing capacity, but also provide off-street parking, which will improve the convenience and safety for park visitors. I believe this change will benefit the neighborhoods and support the overall growth and development of the City of Middletown.

"Additionally, I am committed to

working with the city to ensure the project complies with all applicable regulations and enhances the surrounding area. I kindly request that the city council review the proposal and schedule a public hearing to discuss the zoning change. I am happy to provide additional information, including a detailed site plan, environmental impact assessment, and other documentation as required.

"Please feel free to contact me at this number to discuss this matter further. Thank you for your time and consideration. I look forward to the opportunity to collaborate with the city to ensure this project serves the best interest of our community. Sincerely, Charlie Jay."

PRESIDENT J. MIGUEL RODRIGUES: All right. And received and forwarded to the committee. And for the good of the city, we have a special recognition tonight.

MAYOR JOSEPH DESTEFANO: Good evening. You know, we began recognizing and honoring some of our long-term businesses, our long-time businesses in the city. Because what we were -- we started finding ourselves doing was a lot of ribbon-cuttings for new businesses. And then we

said, well, what about the people that have been here for a long time? So we started with a -- you know, a few here and there of 20 years, I think of 30 years. We talked of the Boffa family. We had others in that went some time.

But when we get to the center of the city, there's nobody that's been more of a Middletown legend atmosphere I'll call him, and that's Stephen Keeler, the owner and founder of Rock Fantasy. Rock Fantasy is celebrating 40 years in downtown Middletown. They opened on November 4, 1985 at 79 West Main Street right behind city hall here.

They were inspired by selling concert t-shirts at fairs and flea markets. Stephen started with \$2,000 and the support of his parents. He grew quickly to selling LPs, shirts, pins, posters, patches expanding his business. He hosted autograph signings with bands. The store became a local music hub. He hosted many famous bands, such as Alice In Chains, Skid Row, Overkill and more.

He then continued to expand his outreach into the community by hosting pro-wrestlers for meet-and-greets: Jake the Snake

Roberts. I'd like to see him take on Masi in a little... The Iron Shiek, Tommy Dreamer, and many others. And it became a destination for both music and wrestling fans. You know, Stephen was ahead of his time because we're -- you know, we -- we're trying to get younger downtown, and we're also trying to reach different groups and different types of arts, and Stephen was doing it going all the way back to 1985.

He expanded into additional new scenes. He had started a punk section and it thrived. He supported local bands, sold demos, and employed many musicians. He brought back pinball and vinyl. He added a pinball room and founded the Orange County Pinball Club, which meets every Thursday at his place.

He hosted nationally ranked pinball tournaments, became a showroom for the latest pinball machines. So, in the new era of this club or this organization, Rock Fantasy, he moved to 12 East Main Street. It included a larger storefront, expanded the record department, a bigger smoke shop, and major pinball display area. Still Middletown's hub for music, pinball, and rock culture.

So, after nearly 40 years of serving generations of music fans, a living part of the Hudson Valley's rock history, Rock Fantasy, more than a store, it's a lifestyle. And when Stephen gets up here, he's going to tell you all about it. And so we wanted to at least recognize Stephen, present him with this plaque from the City of Middletown from myself and the council president and the members of the board. If he'd come up, we can --

ALDERWOMAN KATE WRAY: Whoo.

MAYOR JOSEPH DESTEFANO: -- present it to you.

(Applause)

(Indiscernible speaking while photo is taken.)

MAYOR JOSEPH DESTEFANO: Why don't you say some words?

ALDERWOMAN KATE WRAY: Good call last minute.

STEPHEN KEELER: Well, it's definitely been a long journey. I don't know where the --

ALDERWOMAN KATE WRAY: Yeah, (indiscernible).

STEPHEN KEELER: -- time went, you

know? And 40 years and I don't plan on stopping any time soon. So we just signed another lease for another five years. And I love what I do, and I'm blessed to be able to do what I do. I love going to work every day. And pinball -- like you were talking, pinball's become a big part.

It's weird because years ago we got rid of the records. Nobody was going to buy a record again. It was like 8-tracks, right? So we got rid of the record bins and we made the pinball bigger. And then at one time, we got rid of most of the pinballs and made the smoke shop bigger.

Now in the last couple of years, we've made the smoke shop smaller and made the pinball bigger. So we've been moving with the times. But -- and we're having a celebration in town, a 40th anniversary. We're going to have a concert over at The Zone at Clemson on November 1st. We've got a bunch of bands, including a Black Sabbath tribute with Ozzy we lost this year. So we're looking forward to celebrating.

And it's an honor to have this plaque from you guys, and hope to keep going and bringing more people to downtown Middletown. You

know?

MAYOR JOSEPH DESTEFANO:

Congratulations.

ALDERWOMAN KATE WRAY: Thank you.

(Applause)

STEPHEN KEELER: Alice in -- people still talk about when Alice in Chains were there. We didn't know who they were when the record company called up because it was a brand new band. Alice in Chains, that's a weird name for a band, you know? And they said, well, do you want to do it? And now I've got 20-year-old kids coming in to buy Alice in Chains records. We've got a plaque up on the wall with all the photos from that day.

And I think there's a picture of the line of kids. And it was funny because when Equilibrium opened, people thought I had bands doing (indiscernible). I said, no, they're lined up for beer. Thanks.

MAYOR JOSEPH DESTEFANO:

Congratulations.

(Applause)

STEPHEN KEELER: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: All

right. For the good of the city.

CLERK RICHARD MCCORMACK: We have one speaker this evening, Orange County Legislator Janet Sutherland.

COUNCILWOMAN JANET SUTHERLAND: Hey, good evening. Thank you for giving me the opportunity to speak with you this evening. So many years ago, Orange County and the City of Middletown began a project for a transportation hub here in the city over by the bus garage. The bus terminal, excuse me. And that was many moons ago.

And then COVID happened, and things kind of got in the way. However, I'm very pleased to be able to say that Mayor DeStefano and I and along with the county executive have had several meetings to try to get this project up and moving again. The -- many years ago, the county was able to secure almost \$7.5 million in grant money to make this project happen.

I believe that a very positive meeting happened today with several people to get this project off the ground again and moving in the right direction. So I'm very excited to be able to share that. I appreciate the mayor. I, of

course, appreciate the work that Alan Sorensen did in the county and working alongside the county executive to kind of make sure that this takes off and we can get it up and running again. So, thank you.

PRESIDENT J. MIGUEL RODRIGUES: Thank you.

MAYOR JOSEPH DESTEFANO: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: All right. Remarks of the mayor.

MAYOR JOSEPH DESTEFANO: Yes. I'll just pick up where Janet left off. She has been very instrumental in reviving this project. Jacob and I -- we were on a conference call today with a -- what do you call, the Zoom --

COMMISSIONER JACOB TAWIL: A virtual meeting.

MAYOR JOSEPH DESTEFANO: Virtual meeting. That's what you call it, with Coach USA, Alan Sorensen, and representatives of the county. Whatever you did, Janet, you really made a difference because everybody was on the call today, including the county attorneys, and we're hoping to have a significant announcement in a very short period of time on the project once

again moving forward. It's complicated. It's seven and a half millions dollars. It involves the city injecting property. It involves Coach injecting property that they paid \$220,000 for many, many years ago.

But it will be a new terminal. It'll be an off-street bus pull-in. It'll be safe parking connectivity with the Heritage Trail. So a whole bunch of positive things. And because of COVID and the hold on money, it did not seem like it was moving as quickly or it wasn't moving as -- at all.

So Legislator Sutherland did approach me about it and said, hey, I think I can be helpful. I said whatever you can do. And he did it. And so I appreciate it and appreciate your efforts on behalf of the city.

So, moving on, we have today and Eagle Scout named Joseph Galdamez whose dad happens to be a Middletown fireman and who is working on a project called the Civil War Restoration at Hillside. That's part of his Eagle project. I met with the young man a few weeks ago, and he described the project. He submitted to me a several-page proposal that includes describing

his project, how it will be helpful to the community along with many other -- you know, how many volunteers it'll take. What is the ask of others in the community?

And one of the asks from us is a -- some of the old sidewalks, the flagstone sidewalks. So he needs about 30 feet of that and possibly moving some boulders, moving some stone, and transporting it. So in order for us to do that, you, the common council, would have to vote on that.

So I told Joseph that he had to come here and make his presentation. And I didn't have to ask him. He was very willing to come here and do that. So at this point, what I'd like to do is bring Joseph up and let him make his presentation on this project. So, Joseph, come on up.

JOSEPH GALDAMEZ: Hello. My name is Joseph Galdamez, and I'm a 10th grader in Middletown High School. I'm currently working on my Eagle project, and the plan is just to move the graves from Hillside, which were dumped in a pond, and kind of forgotten for and make them more open and I felt the community could learn

more about it.

The graves were retrieved and just laid down on the floor, and it looks like a walkway. And I wanted to make more respect for them so they could be shown more to the public. I'm going to be asking for 30-feet of flagstone because the (indiscernible) need reconstructed stones, and they have all the stones in their inventory. So the flagstones would be really helpful for my project so I could connect it -- my project to the main road of the cemetery so you could easily walk over to it. Thank you.

PRESIDENT J. MIGUEL RODRIGUES: All right. Good job.

(Applause)

MAYOR JOSEPH DESTEFANO: So after this evening and this evening's vote, Jacob will be authorized to cooperate with them. I know Andy Mills is here from Hillside and mentioned that there is a possibility that some other stones may be needed to be moved in addition to, but he's going to discuss that with Joseph and the project.

We all look forward to cutting the ribbon on the project, I guess will be the best

thing we can say. But it is a Civil War restoration project, and we're very thankful for his efforts.

Next would be the Department of State and the community campus. The -- at the last meeting we had the Brownfield Opportunity Area Plan. Kate Stryker was here and she did make a presentation to the city and to the council. They also attended the Hispanic Heritage Festival on Sunday. They're doing a lot of their outreach on this project.

And as you know that we're trying to develop a community-led vision for the area and for the neighborhood for the former psychiatric center now called the Community Campus. They're creating development concepts for strategic vacant and underutilized sites on the campus. They identified site development opportunities and enhancements consistent with a community vision.

And that's the key is community vision, that we have been doing a lot of outreach into the community. And the -- I think the most consistent feedback that myself, and I'm sure the -- Alderman Johnson and Alderwoman Kate will

attest to, is that they like the development that's been happening on the campus. They're attracted to the restoration of the buildings, the open space. There is no interest in -- or very limited interest, I could say, through the community outreach and to high-density housing at the campus.

But we're also continuing to do that outreach. So whatever feedback the public may have, please continue to do so through your aldermen, through myself, or directly through Maria Bruni's office or through the -- directly with Pattern For Progress who is managing the grant.

This study is being handled by the Pattern For Progress. It's a \$250,000 grant. And you can see some of the community output -- or input that we've been going through. We've had public meetings, focus meetings, survey, table events, and this is where the community input is coming from.

So we're excited about the potential at the campus. As you know, we just received a \$10 million grant or \$6.6 million grant for the Kleiner facility. We're hoping for another 3.3

to come in. It's a much larger project than that, so we're putting that together. This is separate from that grant, but the -- we want to make sure that the campus, once again, becomes a vibrant and inclusive space that serves as the central hub for education, innovation, culture of the arts, commerce, and outdoor recreation.

And if you look at the campus in its current state, it's all of those things now, but it can be much, much more than it is now. So I want to thank Pattern for Progress for doing all that good work.

Next is the status of the parking garage. We have two projects on South Street. One is the parking garage. The other is the court. I checked with Jacob today. He gave me an update on the court. We're still targeted for the December finishing up with the court facility.

As you know it's a \$6 million project, 3 million funded through Senator Skoufis, 3 million funded through city taxpayers as the city is responsible for providing facility, and the court has expanded to two courts based on going to regionalization.

But Phase 1 on the left of the screen is underway. The parking area, as you can see, the lower parking area has been dug out. The bank has been removed. You can see equipment. This is back in August of this year when the equipment started being moved in. Orange and Rockland is moving the utility line. You know, there's a lot that has to be done with the EV chargers and the movement of those lines and the underground lines. They have to be -- go forward with that.

And if you remember that this project is being designed and constructed Phase 1 so that we can go up to a Phase 2. Phase 2 would include much more parking than the current project will offer. It has about a -- this I think is a net plus 80 in that area parking spots for downtown, which will be very helpful for Paramount events.

But the -- overall, the project has been moving at a steady pace after much delay from Orange and Rockland. But the heavy equipment is there. You see them digging. You see them moving earth, and I know the -- Malum Construction is the company that's doing the work. And so it's a slight inconvenience for the

businesses over there, but they do see the benefits in the long run. So that's your update on the court and the South Street parking garage.

Here we had a call from Senator Skoufis who wanted to do some outreach on the North Street corridor with some of the Latino businesses. So we visited many of the businesses, four or five at least, and had conversations. And the common denominator with many of the businesses was most of the businesses are suffering in a sense of sales because of ICE.

And this is not -- and it's not just undocumented people they're talking about. We're talking about families who are staying home because they have a family member who may be undocumented they don't want to bring attention to. So the community is hurting in that area and the businesses are hurting.

But the senator was there to show his support, also hear from them on different ideas, opened his office up for offering to meet with more business leaders in his office here in Middletown to see if there's any way the state government can help or the city government can do more. So I want to thank Senator Skoufis. I

want to thank the business leaders for opening their doors and sharing, you know, very candidly their experience with what's going on in downtown.

The general -- the average -- not average. The lowest one that -- who said the lost of business resulting from ICE was about 15 percent, and that number went up to some businesses all the way to 60 to 70 percent. So it's devastating to some of the businesses. They're surviving. They're hanging in there, but there's -- so if you have an opportunity to stop in one of the stores and spend a couple of bucks, please do so.

We had another ribbon cutting, which I commented on before. The -- we're doing a lot of welcoming to new businesses downtown, and that's why we're here honoring Stephen tonight. But this was Alondra's Pizzeria, and it's on 202 North Street. We had a great ribbon cutting there.

The -- Alondra and his family -- this is the third restaurant in the city of Middletown. They have Alondra's at 14 -- I think it's 14 North Street or -- yeah, 14 North.

MAN 1: 14.

MAYOR JOSEPH DESTEFANO: They have the 52 Cottage. His brother has that operation, the old Diana's, and this is the third. So Alondra and his family, the -- you know, they're making a huge investment into our community, and we were happy to be there. The pizza was fantastic. We had a little meeting last night. We had about six pies delivered. They were hot. They were good, and I'm sure you'll enjoy it.

Over the weekend we also had the opportunity to visit Alloy. I referenced COVID before. Alloy, which is located at 42 North Street, she opened in March of 2020. So she had her lease signed in March of 2020. And you know what happened in March of 2020. Right after was COVID.

So since she never had her ribbon cutting, she called and said, hey, I'm going to throw a five-year party and I'd like to invite you all to come and cut the ribbon. So myself, Maria, Alderman Johnson, as you could see in the picture, we all attended. It was a great night, and I want to congratulate Alloy for their commitment to downtown.

Stephen mentioned he just signed a new five-year lease. She also mentioned she's looking for a lease extension, so not only are businesses coming. We know some will fail, of course, like anywhere, but it's good to see people signing lease extensions.

And then we went over to East Main Street yesterday at the last minute. So not all of you got invited, but -- because we had a little communication issue, but we were able to make it to the restaurant at 14 East Main Street. It's Viva Mexican Grocer and Deli. Again, great food, great people making a big commitment into the city. And we had a nice lunch in there also. So...

And then to round up the weekend, we -- the -- we had two events on Sunday. One -- the first one was at the Masonic Lodge. We're -- we were invited. I was invited to come together with a group for Domestic Violence Awareness Month. As the speakers noted, it's not an easy subject to talk about, but it's one that people do have to talk about.

The Middletown Police Department was represented by two officers, Sergeant Gallagher,

and I'm not sure -- I don't recall the other officer. But also Fearless was there, and a good turnout from the Mason Lodge folks and others. So we have a local author who her -- I only know her by Suzetta Brown, but -- I know her by Suzetta Brown because I -- she grew up on Prince Street. And very difficult to talk about what she has gone through in her life. But not only is she talking about it, she has written two books about it.

So Suzetta had her second book signing there on Sunday. And I just want to say thank you to Suzetta, her husband Derek for putting on this event. It's the second one, a second annual. Hopefully next year it will be more well-attended, and -- but she does talk about the pain and struggle, and she chose to turn that experience into purpose.

And she shared her journey, and she's helping others find their voice. And that's part of her mission in life now. So congratulations to Suzetta and good luck with your newest book that you have out.

And then we headed over to the Discovery America in Middletown, New York

festivities at Erie Way Park. I don't think we could've asked for better weather. I think most of you had showed up at one point during the day. We -- again, this was put together in three or four weeks by the merchants. They approached the city and said, listen, we think we would like to do something to support heritage -- Hispanic Heritage Month. So we told them we'll put together a plan.

So they started meeting themselves, put together a little bit of a plan. Then they started to meet with Maria and her staff. And then we included others in. And so I wanted to thank the Alondra's Cuisine, Estelitas Mexican Kitchen, La Amistad, La Esquina, Nana's Columbian Bakery, Olivia's Empanadas, and The Taco Factory. Those were the businesses that were there.

But also the Recreation Department was there with pumpkin giveaways by the Middletown YMCA with face painting. The soccer club was scheduled to be there but were unable to make it because of a last minute death in the family. There was so much music and dancing for five consecutive hours. And it was an opportunity to share in the traditions and culture of the

Hispanic community.

So they were very thankful. I know Maria had a follow-up meeting this morning and there's already talk of not only doing it again next year but expanding it for -- expanding the footprint and inviting more local businesses in. So the -- you can see the crowds were nice. At one point the crowds were very heavy.

I saw Miguel with his Giants pullover. He was very happy at one point because the Giants were up 19-nothing and Green Bay was losing at that point. And he made some sarcastic comments, and then it ended up Green Bay won and the Giants lost. But I don't want to point that out.

But the -- as you can see, the -- colorful. They were -- the people were fantastic. And when I had the opportunity to speak, I thanked them for coming because I know it's a lot, as I said, with the stores being hurt. It was a lot for people to come out and meet in a large group such as this. So they all did a great job, and they were very proud of their heritage and their traditions. So that's my presentation. If you have any questions, I'll be more than happy to address them.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Masi?

ALDERMAN JOSEPH MASI: Please bear with me. I'm a little confused. I know you just gave a great presentation. Some of it was concerning the downtown parking. I walked by the site and I see progress, and yet your little opponent on Saturday wrote -- and in my opinion disparages not only, but our common council, he wrote, and I quote, "I've heard your comments loud and clear. Parking in downtown Middletown has become a real problem.

"Every day residents and visitors circle the blocks, park far away from the destinations, or risk tickets due to unclear regulations. We've all heard promises about parking garages during election season, but talk stops once votes are counted. It's time for real action." That's the end of the quote.

Of course, we must recognize that this came from someone who represents much of the city of Middletown as our county legislator who missed almost three years of meetings stating, "I don't have to attend meetings." Talk about no action. My question, are there some issues with this

project that I am not aware of? Is the project not moving forward? Would you please clarify that?

MAYOR JOSEPH DESTEFANO: Sure. I'd be happy to. Maria, can you back to the video? I think the pictures speak for themselves. I mean, that -- in regards to the parking garage, the parking garage is moving forward. It's under construction. You see the heavy equipment. You see the whole row of parking has been removed up on top.

The lower mountain has been removed. The -- Orange and Rockland's been on the scene working. They're -- you know, the picture speaks for itself. In regards to the parking --

ALDERMAN JOSEPH MASI: (Indiscernible)

--

MAYOR JOSEPH DESTEFANO: It's nonsense. It's so -- listen, it's silly season nonsense, and we understand the silly season nonsense. But more importantly, the -- when someone says the people are -- there's too many people downtown in regards to parking, it goes back to what we were just addressing before is, you know, having a parking issue in downtown, if you were doing

nothing about it would be a concern.

But we have done a lot about it. We -- all these lots have been reconstructed. The DRI money, James Street lot, lot back here, Orchard Street lot, Canal Street, all these lots have been reconstructed. South Street you have the two lots. So the parking is there. Our report, if he had read it in 2017, the strategic plan, identifies over 1,200 parking spots alone within the center core of downtown.

But when you have ribbon cutting after ribbon cutting, and businesses such as Stephen Keeler bringing in people, bringing in book signings, or record signings or pinball tournaments on a weekly -- that's people. When you have Equilibrium Brewery, people lined up to buy a case of beer for hours, those are good problems to have.

You know, when you see -- it's like the baseball analogy too much pitching. You can't have too much pitching? Well, you can't -- who's going to complain that there's a lot of people downtown? You've got to be an idiot if you're complaining that too many people are downtown for what's here.

So we have the parking. We have the businesses. Businesses are viable. The restaurants are doing beautifully downtown. We're seeing other types of businesses coming into our downtown. We have recently met with a medical wig company. They're opening at 27 West Main Street. You got Tracy at the antiques on West Main Street. All -- everyone's doing well.

There is some fallback on some of the Latino-owned businesses, as I mentioned, but for the most part, people are doing well. They have access to parking, and they know that based on our district meetings, based on our communication to them, that we are addressing additional parking, and the additional parking is for the growth.

Because we have 34 units plus retail proposed on Union Street. We have the hotel project proposed on Canal Street. We have just sold 12 King Street for \$500,000. That's going to have 15 apartments and first-floor commercial. We're selling 7 West Main. Our 7 King Street, \$100,000, a dilapidated building that will be renovated with two apartments and commercial space out front.

46 North Street, the old Montgomery Ward building, several millions of dollars into a historic renovation with an -- I believe it's 24 apartments upstairs and commercial on the first floor. If there was a problem as you described from the writer, people would not be investing millions of dollars in downtown Middletown.

And if you note in our audit, the audit referenced that we, as a city, has probably the largest bulk of capital projects in Orange County. I think the number was 52 million with the overwhelming majority of them funded by grant moneys, grant funding. So I think we're doing the right thing. We'll stay on the right track. And I don't listen to the silly season type of talk.

ALDERMAN JOSEPH MASI: Thank you.

MAYOR JOSEPH DESTEFANO: Hope that addressed your question.

PRESIDENT J. MIGUEL RODRIGUES:
Alderman Kleiner?

ALDERWOMAN GERALD KLEINER: Thank you. Mayor, I think maybe this is more of a question for Joseph or for Andy Mills. But I'm wondering if the graves they're talking about are the ones

that are in the back of the cemetery on the other side of the pond.

MAYOR JOSEPH DESTEFANO: I'd have to bring them up for it. One of them. Joseph?

ALDERWOMAN GERALD KLEINER: Okay.

PRESIDENT J. MIGUEL RODRIGUES: Andy, you want to come up?

ANDY MILLS: No. He's got it.

PRESIDENT J. MIGUEL RODRIGUES: All right.

JOSEPH GALDAMEZ: Yeah, these are the ones in the back. They're the African American ones lying on the ground (indiscernible) walkway.

ALDERWOMAN GERALD KLEINER: Right.

PRESIDENT J. MIGUEL RODRIGUES: Like the one up on the hill too, right? They're on a hill?

ALDERWOMAN GERALD KLEINER: No, these are along the back. I wanted to make sure that that's what you were talking about and make the point that, as they say on their gravestones, these were some of the colored troops. That's what they call them. But these are African American Civil War veterans.

And there's a book on Hillside

Cemetery. It's got beautiful pictures and does a wonderful job, but it really refers to that almost as a walking path and it's not. So anything you can do to help preserve those and make them more visible will be greatly appreciated just so people understand that's what it is. Okay. Thank you.

PRESIDENT J. MIGUEL RODRIGUES: All right. Anymore questions for the mayor? Alderman Johnson.

ALDERMAN PAUL JOHNSON: Mayor, with respect to the transportation center, and I second the gratitude for Legislator Sutherland, the original renderings, are we still working off that, or is does it have to be started over?

MAYOR JOSEPH DESTEFANO: Not started over, but be built on. The county will hire an engineer. I don't know which one. It might be the same one who prepared that. We're not involved in the design. That is done between Coach and the county.

Of course we have input. The trail location is going to be important. The location of -- you know, they're going to have bike-sharing. They're planning on having that. EV

stations. So we'll be involved in all that. But more or less, the goal is to make the -- that area much more attractive for commuters. As you know, part of it's not lit. There's a lot of potholes on some of the private property. Bring it together, make it more accessible, usable, and hopefully increase ridership with -- for Coach.

ALDERMAN PAUL JOHNSON: Thank you very much.

PRESIDENT J. MIGUEL RODRIGUES: All right. Anyone else? All right. Reports of department heads. Economic Development?

DIRECTOR MARIA BRUNI: Good evening. Besides all the great economic development stuff that's happening out there, this was an exciting weekend on Sunday. You know, the mayor touched upon everything that went on. I have some special thanks because the business community downtown took stronghold of this.

They wanted to show their support, their strength. You know, they are facing challenges, as the mayor mentioned, but they wanted to show their strength. And they wanted to give back to the city however they could, and this event was just spectacular.

Even we had Run 4 Downtown, who contributed funds to buy all the pumpkins. The YMCA was down here. We had Huerta Farms and F&G Family Farm. They're farmers that are at our farmers market every week. They came down and also we had Gente Nueva, a truck and car club. They were there giving out Halloween candy. They helped us clean up. We all -- it was just amazing.

And we also had the Future Business Leaders of America Club from Northern Academy. So you can see how this is going to have some legs because what they kept stressing to me is the unity. They want to bring more on board. They want to do more and show unity, how unified Middletown is, how strong Middletown is, the diversity.

So I'm looking forward to working with them for next year. Like the mayor mentioned, we did meet this morning. We had a big meeting, and they're ready to go. You know, special thanks again. Juan Avalos from Taco Factory. Alvaro Garcia, Garcia's Market. Jose Linares from Alondra's and Nohemy Cid from Nohemy's Hair Salon on North Street and all the businesses that came

down. It was just a great event. And I want to thank them for making it a huge success.

And I -- shout out to my staff too, the team. Stefania, Joseph, Eileen helping with social media. We had translations done. Rick, thank you. Your department helped out. And it was just, again, awesome, awesome weekend.

More to come. This weekend at the Paramount, we have the 2025 Horror-Thon weekend. So all the classic movies starting Friday. Frankenstein, the 1931 version. Gremlins, the 1984 version. Saturday we have The Thing, 1982. Psycho, 1960. Creature From the Black Lagoon, the 1954 movie. Pet Sematary from 1989. And then Sunday, we're excited about this, Phantom of the Opera, the 1925 --

ALDERMAN PAUL JOHNSON: '25.

DIRECTOR MARIA BRUNI: -- 50th anniversary. We have the live organ accompanist there. And the special guest Haunted Barn will be there with amazing displays in the lobby. And so Halloween is here, and we're ready to celebrate. And then just more events coming at the Paramount as well. And that's all I have unless you guys have any questions for me.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for Maria? Great job, Maria.

DIRECTOR MARIA BRUNI: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: All right. DPW Commissioner.

COMMISSIONER JACOB TAWIL: Good evening, all. I'm going to be very brief tonight because the mayor did report on the capital projects that are going on around us in here. The reservoir level, Alderman Masi, 76 percent. We're very concerned. It's been very dry. All the rain they talk about and the flooding, it keeps missing us. So we're at a deficit.

Usually we have last month and this month over five inches. We only got just over two inches last month. This month is almost over and we only got a couple of inches. So we are -- we're getting ready to start skimming operation. Hopefully in November we will start if it continues to be this dry. Just to be on the safe side.

Not like we're running out of water or anything like that. We would like to plan ahead so that we'll be prepared. If a drought is to take hold in our area, then we will be ready for

it as much as we can.

There was a big project taking place with a grant from the state about over \$100,000 for digitizing our underground utilities; storm sewer, sanitary sewer, and water lines. And we've been working with CDM Smith on this project for a couple of years now.

We are at a point right now we're going to start deploying that digitized utility system so that our guys will be running around with iPads and so on and so forth in the field taking pictures, pinning down location of plugged sewer or water main break exact location, and pictures and what will be uploaded into the cloud and into our system, and will be forever kept for us to troubleshoot which water main will have to be replaced, which sewer line would have to -- we'll have to address more closely, and so on and so forth.

That's a great project. We are looking forward to its deployment. And CDMD purchased equipment for us and we'll start using it very soon, and we'll keep you posted. Do you have any questions for me?

PRESIDENT J. MIGUEL RODRIGUES: Any

questions for Jacob? Alderman Kleiner?

ALDERWOMAN GERALD KLEINER: Yes. I know leave pick up starts I think November 3rd. Excuse me. The question is whether a lot of houses that have leaves out in the street already, so we can bypass that. But yard waste pick up, does yard waste pick up stop for the winter months, or does it stop during leaf pick up? Or can people still put out cans full of yard waste?

COMMISSIONER JACOB TAWIL: No, they can still put out the cans. They can. They can put up the yard waste in a can as well.

ALDERWOMAN GERALD KLEINER: Okay.

COMMISSIONER JACOB TAWIL: So if you have branches or anything like that, that's your question, you can put them in the cans --

ALDERWOMAN GERALD KLEINER: Yeah, that --

COMMISSIONER JACOB TAWIL: -- and we will pick them up or you can wrap them just per the code. You know, you can wrap them 30-inch long. You just wrap them in there and we can pick them up.

ALDERWOMAN GERALD KLEINER:

Okay.

COMMISSIONER JACOB TAWIL: Yeah, but we'll continue to pick up, yes.

ALDERWOMAN GERALD KLEINER: Good.

Thank you.

COMMISSIONER JACOB TAWIL: Yeah.

You're welcome. By the way, we did send code enforcement all over as much as we can to advise people to take the leaves back because they are dangerous. And then the people, they should comply with the rules and regulations. Do not put them on the street. Keep them on your front yard because they do represent danger to, you know, the kids, the public, to the line of sight for cars, and so on. Yeah. So, thank you for bringing this up. Yeah.

PRESIDENT J. MIGUEL RODRIGUES: Anyone else? Alderman Witt?

ALDERMAN KEVIN WITT: Yeah. Just to finish up on that, when -- just so people do understand, what are the rules that you want people to follow when this does start and people are putting out?

COMMISSIONER JACOB TAWIL: Yeah.

Basically, we have the wards. We're going --

we're going to be going ward by ward. So if you can hold off, and that is on our website, which ward goes first. If you can hold off the first couple of weeks until your ward -- until we get closer to you, then that will make our life easier and our streets safer.

You know, so try to wait. Don't dump everything like November 3rd you said, Alderman? Or it starts somewhere around there. Yeah. Don't wait for that day and then every -- the whole city -- we cannot pick up the whole city in one day or two days or one week or two weeks.

So wait. Please just follow our -- which ward goes first for pick up and just follow that as much as you can, and we would appreciate your cooperation. You can leave it on your front yard, it doesn't have to be on the street, and then you can push it into the street when the time comes for your area to be picked up. Yeah.

PRESIDENT J. MIGUEL RODRIGUES: Okay. Anyone else? Thank you, Jacob.

COMMISSIONER JACOB TAWIL: Thank you.

PRESIDENT J. MIGUEL RODRIGUES: Senior department?

DIRECTOR JULISA SIERRA:

(Indiscernible). I'm Julisa. I'm the director of the senior center. And I'm very proud to be the director of the senior center. We've accomplished a lot in this year. And as we are wrapping up, I want to thank Maria. She did a nice job on the Hispanic heritage. It followed in line with what we started with the Mulberry House Senior Center.

And I just want to also just bring out that we not only do senior programming. We're very community oriented. For years we've been doing driver ed courses there every month. We also host the Middletown Art Group. We also host the fire police that do a lot of their fundraising projects there at the Mulberry House Senior Center.

We have a group of women that's called God's Heart for Women. They just had Saturday a community dinner, which was very successful. So on top of all that, we also have Orange County Archaeology Society that meets in our senior center. We have the Orange County Railroad Historical Society, which is very big for the Middletown. That's what we're known for, and they meet there.

So Lion's Club, women's veteran group, I mean, we are not just 55 and above. We are a community site that -- I just wanted to recognize it because I know that I'm kind of a quiet person. I don't stand up here or post 20,000 pictures of everything that I do and my staff, but we are very active and we are very much part of the community.

So talk about getting together and being unified, that includes the senior department as well. And I just want to say tomorrow we have a fun thing. We have our Halloween party, and we also are looking forward to preparing for our international -- we do an international Thanksgiving.

Last year we served over 150 people, and this year I hope to serve as many too. And that's my staff and I. We put together a Thanksgiving meal, and each person can bring a side dish of their country. And it's a beautiful event. So if any of you can -- want to stop by, that's on November 20th from 1 to 3. It's day of the week, but if anybody's able to stop by, it's very beautiful event.

And I just don't want to minimize what

we're all about. The senior department is very active, and we're very fortunate to have a senior department. And I'm very thankful to be the director of the senior department, so thank you.

PRESIDENT J. MIGUEL RODRIGUES: Okay. Any questions? All right. Thank you. City clerk.

CLERK RICHARD MCCORMACK: Good evening. Just want to remind everybody that early voting will begin on October 25th at the senior center. The full schedule is available on the Orange County Board of Elections website as well as the city website and through our social media pages. Election Day is Tuesday, November 4th. The polls are open from 6 a.m. to 9 p.m. All the poll sites in Middletown remain the same.

If you have any questions, please feel free to call us here at the city clerk's office 845-346-4168 or reach out to the Board of Elections in Goshen. Thank you.

PRESIDENT J. MIGUEL RODRIGUES: Any questions for the city clerk? Hearing none, remarks of aldermen. Alderman Tobin?

ALDERMAN SPARROW TOBIN: The mayor brought up the -- I was approached by the

Catskill Mountain Keepers about doing a week without driving. I tried a day, and made me feel really empathetic for people that don't have cars. I got a ride to work in the morning from a co-worker and a ride back. And -- because if I tried to take a bus in this city, I think it would lead to my job in Washingtonville, I would have to take a Coach bus to the city and then back to Washingtonville, which is impractical.

And then I figured I would go to the grocery store after work, but the -- I would be able to get there, but I wouldn't be able to get back because it closes early. And then I'd have to walk three-quarters of a mile to get the bus even though it drives by my house -- and then to go a mile and a half to Shoprite. So, you know, I only did it for a day, and it really made me feel for people that don't have access to cars.

The Hispanic Heritage Festival was amazing. I drove by at quarter to six. It was still -- the people were dancing. It was filled. Great food, so it's a terrific event.

And finally, I took part in the breast cancer walk in Monroe/Woodbury at the commons this weekend. I saw our Middies youth

cheerleaders there, Middletown Teachers Association, and a lot of other Middletown sports programs. So we were definitely well represented. Thank you.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Jean-Francois?

ALDERMAN JUDE JEAN-FRANCOIS: Yes.

Good evening. I'd like to thank Maria Bruni and her staff for all you do. Bringing -- you know, this is what we mean when we say Middletown is moving forward. We're not leaving anyone behind. It's great to see you bringing all the businesses in town together for us all to move forward, not just one person or two. Everyone is involved, and we are moving forward. Thank you, Maria, for what you do.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Johnson?

ALDERMAN PAUL JOHNSON: Thank you. So I'd like to address the pinball wizard. So thanks for bringing me back to a memory. It would be 1969, thank you. I would be in high school, thank you. And a good friend of mine bought two pinball machines and had them in his house. And we were so excited. It was

unbelievable. Like we can play pinball in your basement? Come on down. So thanks for the memories. That's not my original slogan. Somebody else said that.

Our silly season and Mr. Masi's remarks, you know, it just appears that honesty and integrity are not part of the portfolio and it's not going to change. So we need to kind of move on from that.

The steering committee, having sat on it along with Ms. Wray and Mr. Kleiner, I think -- I just want to say Kate does a great job. The people who compose the committee, it's just an amazing group.

Quoting our coop, somebody from Albany, somebody from Honor, Mayor's Office, private citizen, Fei Tian, school board, Gerry as the historian as we call him, and it's -- we've really done great work and I'm proud to be part of that. It's a little longer than I was planning on being on a committee, but I'm getting used to it.

Alondra's Pizza, I agree. Thumbs up. Hispanic heritage, out of the park. Knocked it out of the park. There were many things that

were good. What I really appreciated was the display of the international flags. It was kind of over on the side. I felt like I was at the U.N. And as a reminder, when you say Hispanic or Latino, whatever word you want to use, that are many, many different cultures, many, many different people, many, many different countries. And it was just a great event. Thank you for that. Thanks.

PRESIDENT J. MIGUEL RODRIGUES: All right.

ALDERWOMAN KATE WRAY: Good evening. Yeah, I love the word "unity". I've said it a thousand times I'm sure at this table in front of the city after some event or another because Middletown somehow figures out how to set an example that I think our entire nation should take a moment and follow.

Outside of our city, I think we're looking at probably the most divisive and, frankly, I think terrifying times for people who maybe don't look like me or other people on this board, but maybe like my kids. And I worry about them. And I worry about my kids I work with in the schools and their families. And to hear that

they're not going out and enjoying their lives that they're entitled to because they work here and they live here and they're paying the taxes here and they contribute to our society, and they deserve to be able to go out and have dinner and not be afraid.

And our kids should go to school and not be afraid about what happens when they get picked up. And that bothers me. And then I get to sit and I get the pleasure of living in this city with people from every walk of walk, every background, and we never fail at taking care of each other. Never. And we know how to interact together and come together and be one people.

Because at the end of the day here in Middletown, we're just Middies. And that's it at the end of the day. And I think we should all in this country remember that we are also Americans, and that includes every single person. Everyone.

And I want to thank you, young man, for what you're doing at Hillside. And you absolutely have our support. I think that's wonderful. And as rep for that ward, thank you. Thank you for what you do. And I think we need to highlight those are youth. This is us,

Middletown. We're doing amazing things, and we should just keep up the good work. I don't see why we would ever change a thing.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Kleiner.

ALDERWOMAN GERALD KLEINER: Thank you. We'll have our constituents meeting, and I will remind people at the next meeting, but that is Second Ward meeting is November 10th. And I bring it up now because the mayor has kindly consented to be there for the beginning of the meeting. So if you have any questions for the mayor or -- about the Second Ward or about the city, please come for that. That's November 10th at 7 p.m. right here.

A lot of people to thank. America in Middletown was just amazing. And to find out that was put together on such short notice, Legislator Sutherland and I were in the line for Olympia's empanadas. There was just so much there. And you know, it emphasizes community, and that's what Middletown's about. It's about the sense of community. So I thank everyone who showed up. I think everyone who made it happen, and looking forward to next year.

I want to thank Parks and Rec. We had our historical society annual meeting at Davidge Park October 11th, and everything was nice. I think it was a little cooler day, so even the yellow jackets boycotted. So that was good.

So I thank Julisa and her staff because the senior center, it is more of a community center. And Mulberry House has been a tradition in Middletown for so long. But they do amazing things, and there is so much going on. You really have to look at the schedule to see.

I thank the people who showed up for the No Kings rally, both in Goshen, but particularly in Middletown and outside of Middletown in the town of Wallkill. It was an amazing turnout. And I know Donald Trump posted a video, a disgusting one of him flying a bomber and, you know, pooping on the participants. And that's not what the First Amendment is about.

And as Alderman Tobin said at the Goshen rally, you know, this -- going back to the Magna Carta 1,300 years ago in 1215, they agreed that kings were not above the law. And, you know, now we have a secretary of Homeland Security who thinks that habeas corpus is what

gives them the right to deport people. It's just -- that kind of ignorance, people who are governing us are right now, they are not about governing. They are about abusing, they are about fear, and they are about self-aggrandizement.

And this has been the biggest scam that we've ever seen. It is the most corrupt. And somebody whose hero is Al Capone because he could have his opponents killed. You know, you call them ICE, I call them the American Gestapo because they are above the law. I could on with that.

I want to congratulate also Rock Fantasy. They've been a big part of Middletown. I still have all my vinyl 45s and all my vinyl albums, so I will come talk to you sometime. And I think, you know, we have Halloween coming up. If you've never been on -- up Chappell Parkway and seen Dave Wardell's house, what an amazing job he does decorating for Halloween. So it's worth a trip up there just to see it.

And I understand why President Trump would pardon --

ALDERMAN JOSEPH MASI: Santos --

ALDERWOMAN GERALD KLEINER: Yeah, Mr. Santos --

ALDERMAN PAUL JOHNSON:
(Indiscernible).

ALDERWOMAN GERALD KLEINER: -- because he pardons all the liars and he pardons all the fraudsters. And he's -- it's just a part of who he is, and I don't know. So I've got a couple more months here. I'm going to keep speaking out because I think what goes on in Washington is a big part of what goes on in Middletown, and we have to keep being aware of it.

So the only time Donald Trump testified under oath, he took the Fifth Amendment 440 plus times. The only question he answered was, "Is your name Donald J. Trump?" And he said yes. And after that, nothing. So, you know, lying at your confirmation hearings has no consequences. And you see all the Trump appointees who've lied, including the supreme court who's lied through their teeth --

ALDERMAN PAUL JOHNSON:
(Indiscernible).

ALDERWOMAN GERALD KLEINER: -- at their confirmation hearings, but then when they do

completely the opposite, there's no consequences. So I don't know how we fix that, but it sure needs to be fixed. Thank you.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Green.

ALDERMAN ANDREW GREEN: Thank you.

Yeah, from one point of divisive history to another, Joseph, thank you for doing what you're doing. I have always been and always will be a -- I guess the term "buff" is what we say for Civil War people. But, you know, thank you for bringing light to those graves and those soldiers.

And, Mayor, you left out an important part of Joseph's family, that they are Second Ward residents. So -- but -- no, you and your family just do great things for the city and are so involved, so thank you so much. And so happy to support that project and can't wait to see it completed.

And then to Rock Fantasy, congratulations. Forty years is -- I won't say it. Well, it pre-dates me. But that's okay because, you know, I still love vinyl and my kids love when I put on vinyl. And I think that

that's the only way to listen to music the right way. That's the way it was intended. And I know there's studies that will back me up on that.

Other than that, you know, just let's keep Middletown rocking. Like you said, Kate, this is the place. There's nothing mid about Middletown. When you say Middies and, you know, there really isn't. We're above and beyond everything else and every -- you know, other city or township out there. WE just always come together and really put the unity in community. Thank you.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Witt?

ALDERMAN KEVIN WITT: Thank you very much. I just also wanted to comment on Sunday and what a great day that was. Maria, congratulations. And I love the idea that this is going to become even bigger. That's fantastic. And what Alderman Johnson said about all the flags, it looked tremendous.

And the person who was the -- I guess the MC kept -- even in Spanish I could listen that he was trying to call out to find out who was from whatever area, and you'd hear cheers and

everything like that. So just a great day. And I ate too much. Empanadas and tres leches cake do not mix, so don't --

ALDERWOMAN KATE WRAY: (Indiscernible).

ALDERMAN KEVIN WITT: Yeah, but that's where I should've stopped. When I went to the cake, that was a problem. So -- but it was a great day. And I was sitting there watching to with a -- and it's amazing, and it speaks to the leadership in our city, that we had that space. Because not all that long ago we didn't.

And that was an incredible -- you had the people who were dancing and singing and doing their things, and then you had the people who were -- had the food, and everyone having a good time. And you had the skate park going on full tilt on a beautiful day --

ALDERMAN PAUL JOHNSON: Yeah. It was.

ALDERMAN KEVIN WITT: -- almost in November. So, you know, that's a pretty good thing.

I -- congratulations to Rock Fantasy. I bought an Overkill CD there. I was told that's where I should find it, and I did, and you helped me. I don't expect you to remember that, but I

knew that was where I had to go. So congratulations on impacting our city positively.

And just because I heard Gerry mentioning the Halloween thing, the school district Trunk-Or-Treat is Wednesday the 29th from 4:30 to 6 at the board office, 223 Wisner Avenue. So from 4:30 to 6. Little tighter this year, but -- there were a lot of people there the last couple of years, so we hope to see everybody. Thank you very much.

PRESIDENT J. MIGUEL RODRIGUES:

Alderman Masi.

ALDERMAN JOSEPH MASI: Yeah. I'd just like -- excuse me, I'd like to finish up. I hope people get to watch this meeting because this is what it's all about. We started with an Eagle Scout. We're getting to Rock Fantasy, someone that's been here over 40 years.

Our department heads came up. Maria, everything you guys have done, the mayor's done. This -- everything you heard tonight has been so positive. This is a team effort. Please, starting Saturday is early voting. Please don't sit back and think, well, they've got it made. The leadership of Mayor DeStefano and Council

President Rodrigues, along with the rest of this council, please get out there and vote. We want to continue to move forward and make things as positive as possible. We don't want to go backwards.

So give thought to that. If you think that you're not going to be able to vote on November 4th, which is Tuesday, please go out and check our early voting schedule and go out and cast that ballot.

The other thing is, just in case -- I can't remember if this was mentioned, but our next council meeting has been changed to Monday the 3rd because of the election on Tuesday the 4th. But once again, just think of all the good things that were mentioned tonight. And we got Jacob who takes care of the city to make sure that we can have all these things.

So let's continue to move forward. Let's not go backwards. Thank you very much.

PRESIDENT J. MIGUEL RODRIGUES: And I'll wrap that up also. Congratulations to Rock Fantasy. I moved up here in 1989. It was my hang-out spot back in the day, so I'm not going to say what I did there, but we were always in

there hanging out. And congratulations on the 40th year.

2019 I took a road trip to Gettysburg, did some history about people who served in the Civil War, and found units from Middletown and everything. Now you put me onto probably going back to Gettysburg and seeing what we can find on everybody with the trip. So that's a great thing.

The -- we heard flags, flags, flags, flags. What we also saw were little kids holding up American flags and welcoming everybody. And that's what matters. That's what makes Middletown. I wasn't born here. Wasn't born in this country. I came here illegally, and I know the feeling that everybody's feeling it. And to see little kids being happy dancing holding an American flag means everything to Middletown.

And seeing that and the mayor, the mayor mentioned that we both -- you know, we're seeing everything. And people joked around and everything, but to see everybody from the different countries, Latin America and everything, and then seeing the kids, they're holding up their flag, which is the American

flag, and waving it and dancing. And that's what makes Middletown.

It didn't matter who you were. Dr. Johnson was sitting there trying to register. I think we got two people to register to vote. You know, we were out there trying to do whatever we could and introducing and telling people what our programs are and everything, and that's what -- it means a lot to everybody.

So again, that's what Middletown -- that's why I chose to live here. That's why I chose to raise my family here. And I think, you know, what Mr. Masi said it's a team effort, we get the job done. We're not perfect. We learn. We've learned from our mistakes and we move forward. But that's key. Now new business.

ALDERMAN JUDE JEAN-FRANCOIS: Yes.

Resolution authorize amending the city code to remove two-hour parking restriction on Highland Avenue Extension. Be it resolved that the Code of City of Middletown Chapter 460, vehicles, and traffic be hereby as amended as follows. Street, Highland Avenue Extension between West Main Street and Hanford Street.

Easterly side, remove existing two-hours parking restriction, no parking up to 20 feet from each intersection. Westerly side, design it as no parking for the entire length

between intersection with no parking here to corner. Restriction to remain and placed within 20 feet of each intersection.

PRESIDENT J. MIGUEL RODRIGUES: We have a motion by Alderman Jean-Francois. It does say on Highland Avenue Extension. It's not Highland Avenue Extension.

City of Middletown
Common Council
16 James St.
Middletown, NY 10940

Dear Members of the City Council,

We respectfully request that City of Middletown Common Council approve a zoning change from OR-2 to UR-3 for our property located at 137 Linden Ave Middletown NY. This project will preserve the property, benefit the community, and address current zoning restrictions in a manner consistent with the board's standards for granting variances. The redesign of the conversion will preserve the historical façade and conditions of existing historic building while modernizing the interior to provide much-needed housing of the community. It will also preserve a historic structure, maintain the aesthetic and culture value of the neighborhood.

The proposed zoning change aligns with the city's goals of promoting economic development, increasing housing availability, and enhancing community services such as creating parks with walking trails and picnic areas. The property's location at 137 Linden Ave can not only increase the housing capacity but also provide off-street parking which will improve the convenience and safety for park visitors.

I believe this change will benefit the neighborhoods and support the overall growth and development of the City of Middletown. Additionally, I am committed to working with the city to ensure the project complies with all applicable regulations and enhances the surrounding area.

I kindly request that the city council review this proposal and schedule a public hearing to discuss the zoning change. I am happy to provide additional information, including a detailed site plan, environmental impact assessments, or other documentation as required. Please feel free to contact me at 212-470-1103 to discuss this matter further.

Thank you for your time and consideration. I look forward to the opportunity to collaborate with the city to ensure this project serves the best interests of our community.

Sincerely,

10/8/2025

Charlie Jiang
Property Owner

Resolution Authorizing a Budget Transfer within the 2025 Recreation & Parks Budget

BE IT RESOLVED; that the Common Council of the City of Middletown, NY, concurs with the Board of Estimate and Apportionment and authorizes the Treasurer to transfer \$15,000, in the following manner,

FROM	TO	AMOUNT
A.7200.100 Camp Personnel	A.7020.440 General Recreation Repairs to Equipment	\$15,000

Due to unforeseen repair expenses to our 2017 Ford Garbage Truck. We just spent \$13,609.69 on repairs at Healey Brothers for a leaking upper engine oil pan and leaking driver injector seals. Now we need additional repairs due to the damage from the leaking oil, and it also needs an alignment because it just got new tires. These additional repairs are estimated to be \$12,000.

Application & Instructions for Subdivisions

A subdivision application is deemed to be accepted by the Common Council when completed applications along with the required fees are in possession of the Clerk.

All applications will be referred to the Common Council Planning Committee. Placement on the agenda is on a first come, first serve basis. The Committee chairperson will schedule the meeting and you will be notified of the date and time. Applications must be in possession of the chair of the Committee at least two weeks before the scheduled meeting.

Each application for a subdivision shall be accompanied by a non-refundable fee of \$250.00 and an escrow fee of \$100.00 used for the public hearing notice. If the entire escrow amount is not used the balance will be refunded to the applicant. The clerk office will require 14 copies of the application and subdivision maps submitted with all the fees.

Additional fees may be required if the Common Council determines that an engineer's review is necessary. If an engineer's review is necessary the applicant must deposit \$500.00 with the clerk to cover engineering fees. If the entire amount is not used the balance will be refunded to the applicant. Additional amounts may be required if necessary.

The Common Council shall fix the time of the public hearing after the Committee has approved the subdivision. Notice of the public hearing shall be published in the official City newspaper for two successive days. Publication of such notice shall begin at least five days before the hearing. The Common Council may require giving additional notice to persons particularly interested or affected in any given location.

A list of names and addresses will be given to you after the Committee approves the subdivision. A letter when the public hearing will be scheduled will be supplied to you and you will be required to mail to all names and addresses when the public notice is in the official newspaper. You will be required to supply a proof of mailing from the post office at the public hearing. If this proof of mailing is not supplied at the public hearing, the hearing will be canceled.

At the public hearing, a presentation of the facts of the subdivision is required by the applicant. You may present all information and data you desire. You may be represented by anyone of your choice. The public will also be provided an opportunity to speak. The members of the Common Council or staff may ask you questions.

If the Common Council approves, at the next scheduled meeting the resolution will be on the agenda to approve the subdivision.

If the subdivision is granted you will have to provide final plans with any changes for the Commissioner of Public Works and the City Clerk to sign and then you will also be required to submit to the County. The City of Middletown will require two (2) final signed paper copies and one (1) PDF copy submitted to the City Clerk.

FRANCHISE AGREEMENT

This Franchise Agreement (“Franchise”) is between the City of Middletown, New York, hereinafter referred to as the “Grantor” and Spectrum Northeast, LLC, an indirect subsidiary of CHARTER COMMUNICATIONS, INC., hereinafter referred to as the “Grantee.”

WHEREAS, in a full public proceeding affording due process to all parties, Grantor considered and found adequate and feasible Grantee’s plans for constructing and operating the cable television system, and Grantor considered and determined that the financial condition, character, legal and technical ability of the Grantee are sufficient to provide services, facilities and equipment necessary to meet the future cable-related needs of the community; and

WHEREAS, the Grantor finds that the Grantee has substantially complied with the material terms of the current Franchise under applicable laws, that this Franchise complies with New York Public Service Commission’s (“NYPSC”) franchise standards under Title 16, Chapter VIII, Part 895 of the Official Compilation of Codes, Rules and Regulations of the State of New York, and that the grant of a nonexclusive franchise to Grantee is consistent with the public interest; and

WHEREAS, the Grantor and Grantee have complied with all federal and State-mandated procedural and substantive requirements pertinent to this franchise renewal; and

WHEREAS, Grantor desires to enter into this Franchise with the Grantee for the construction and operation of a cable system on the terms set forth herein;

***NOW, THEREFORE**, the Grantor and Grantee agree as follows:*

SECTION 1 **Definition of Terms**

1.1 Terms. For the purpose of this franchise the following terms, phrases, words and their derivations shall have the meaning ascribed to them in the Cable Communications Policy Act of 1984, as amended from time to time (the “Cable Act”), unless otherwise defined herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The word “shall” is mandatory and “may” is permissive. Words not defined shall be given their common and ordinary meaning.

- A. “Cable System,” “Cable Service,” and “Basic Cable Service” shall be defined as set forth in the Cable Act.
- B. “Board” shall mean the governing body of the Grantor.
- C. “Cable Act” shall mean the Cable Communication Policy Act of 1984, as amended, 47 U.S.C. §§ 521, et. seq.
- D. “Channel” shall mean a portion of the electromagnetic frequency spectrum which is used in a cable system and which is capable of delivering a television channel.

- E. "Equipment" shall mean any poles, wires, cable, antennae, underground conduits, manholes, and other conductors, fixtures, equipment and other facilities used for the maintenance and operation of physical facilities located in the Streets, including the Cable System.
- F. "FCC" shall mean the Federal Communications Commission and any successor governmental entity thereto.
- G. "Franchise" shall mean the non-exclusive rights granted pursuant to this Franchise to construct operate and maintain a Cable System along the public ways within all or a specified area in the Franchise Area.
- H. "Franchise Area" shall mean the geographic boundaries of the Grantor, and shall include any additions thereto by annexation or other legal means.
- I. "Gross Revenue" means any revenue, as determined in accordance with generally accepted accounting principles, received by the Grantee from the operation of the Cable System to provide Cable Services in the Franchise Area, provided, however, that such phrase shall not include: (1) any taxes, fees or assessments collected by the Grantee from Subscribers for pass-through to a government agency, including, without limitation, any state or federal regulatory fees, the franchise fee, or any sales or utility taxes; (2) unrecovered bad debt; (3) credits, refunds and deposits paid to Subscribers; (4) any exclusions available under applicable State law
- J. "Person" shall mean an individual, partnership, association, organization, corporation, trust or governmental entity.
- K. "Service Area" shall mean the area described in subsection 6.1 herein.
- L. "Standard Installation" shall mean installations to residences and buildings that are located up to 150 feet from the point of connection to Grantee's existing distribution system.
- M. "State" shall mean the State of New York.
- N. "Street" shall include each of the following located within the Franchise Area: public streets, roadways, highways, bridges, land paths, boulevards, avenues, lanes, alleys, sidewalks, circles, drives, easements, rights of way and similar public ways and extensions and additions thereto, including but not limited to public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses now or hereafter held by the Grantor in the Franchise Area, which shall entitle the Grantee to the use thereof for the purpose of installing, operating, extending, repairing and maintaining the Cable System.
- O. "Subscriber" shall mean any Person lawfully receiving Cable Service from the Grantee.

SECTION 2 **Grant of Franchise**

2.1 Grant. The Grantor hereby grants to the Grantee a nonexclusive Franchise which authorizes the Grantee to erect, construct, extend, operate and maintain in, upon, along, across, above, over and under the Streets, now in existence and as may be created or established during its terms, all Equipment, including the Cable System. Nothing in this Franchise shall be construed to prohibit the Grantee from offering any service over its Cable System that is not prohibited by federal or State law.

2.2 Term. The Franchise and the rights, privileges and authority hereby granted shall be for an initial term *of ten (10) years*, commencing on the Effective Date of this Franchise as set forth in Section 15.13.

2.3 Police Powers. The Grantee agrees to comply with the terms of any lawfully adopted generally applicable local ordinance necessary to the safety, health, and welfare of the public, to the extent that the provisions of the ordinance do not have the effect of limiting the benefits or expanding the obligations of the Grantee that are granted by this Franchise. This Franchise is a contract and except as to those changes which are the result of the Grantor's lawful exercise of its general police power, the Grantor may not take any unilateral action which materially changes the mutual promises in this contract.

2.4 Restoration of Municipal Property. Any municipal property damaged or destroyed by Grantee shall be promptly repaired or replaced by the Grantee and restored to serviceable condition.

2.5 Cable System Franchise Required. No Cable System shall be allowed to occupy or use the streets or public rights-of-way of the Franchise Area or be allowed to operate without a Cable System Franchise.

SECTION 3 **Franchise Renewal**

3.1 Procedures for Renewal. The Grantor and the Grantee agree that any proceedings undertaken by the Grantor that relate to the renewal of the Grantee's Franchise shall be governed by and comply with the provisions of Section 626 of the Cable Act, or any such successor statute.

SECTION 4 **Indemnification and Insurance**

4.1 Indemnification. The Grantee shall, by acceptance of the Franchise granted herein, defend the Grantor, its officers, boards, commissions, agents, and employees for all claims for injury to any Person or property caused by the negligence of Grantee in the construction or operation of the Cable System and in the event of a determination of liability shall indemnify and hold Grantor, its officers, boards, commissions, agents, and employees harmless from any and all liabilities, claims, demands, or judgments growing out of any injury to any Person or property as a result of the negligence of Grantee arising out of the construction, repair, extension, maintenance, operation or removal of its wires, poles or other equipment of any kind or character used in connection with the

operation of the Cable System, provided that the Grantor shall give the Grantee written notice of its obligation to indemnify the Grantor within ten (10) days of receipt of a claim or action pursuant to this section. In the event any such claim arises, the Grantor shall tender the defense thereof to the Grantee and the Grantee shall have the right to defend, settle or compromise any claims arising hereunder and the Grantor shall cooperate fully herein. If the Grantor determines in good faith that its interests cannot be represented by the Grantee, the Grantee shall be excused from any obligation to represent the Grantor. Notwithstanding the foregoing, the Grantee shall not be obligated to indemnify the Grantor for any damages, liability or claims resulting from the willful misconduct or negligence of the Grantor or for the Grantor's use of the Cable System, including any PEG channels.

4.2 Insurance.

- A. The Grantee shall maintain throughout the term of the Franchise insurance in amounts at least as follows:

Workers' Compensation	Statutory Limits
Commercial General Liability	\$1,000,000 per occurrence, \$2,000,000 General Aggregate
Auto Liability including coverage on all owned, non-owned hired autos	\$1,000,000 per occurrence Combined Single Limit
Umbrella Liability	\$1,000,000 per occurrence

- B. The Grantor shall be added as an additional insured, arising out of work performed by Grantee, to the above Commercial General Liability, Auto Liability and Umbrella Liability insurance coverage.
- C. The Grantee shall furnish the Grantor with current certificates of insurance evidencing such coverage upon request.

SECTION 5
Service Obligations

5.1 No Discrimination. Grantee shall not deny service, deny access, or otherwise discriminate against Subscribers, Channel users, or general citizens on the basis of race, color, religion, national origin, age or sex. Grantee shall not deny access to Cable Service to any group of potential residential subscribers because of the income of the residents of the local area in which such group resides.

5.2 Privacy. The Grantee shall fully comply with the privacy rights of Subscribers as contained in Cable Act Section 631 (47 U.S.C. § 551).

SECTION 6
Service Availability

6.1 Service Area. Subject to applicable law, the Grantee shall continue to provide Cable Service to all residences within the Franchise Area where Grantee currently provides Cable Service (the "Service Area") in accordance with the provisions of Section 895.5 of the regulations of the NYPSC. Grantee shall have the right, but not the obligation, to extend the Cable System into any other portion of the Franchise Area, including annexed areas. Cable Service offered to Subscribers pursuant to this Franchise shall be conditioned upon Grantee having legal access on reasonable terms and conditions to any such Subscriber's dwelling unit or other units wherein such Cable Service is provided.

6.2 Abandonment of Service. Grantee shall not abandon any Cable Service or portion thereof without the Grantor's written consent.

6.3 New Development Underground. In cases of new construction or property development where utilities are to be placed underground, the Grantor agrees to require as a condition of issuing a permit for open trenching to any developer or property owner that such developer or property owner give Grantee at least thirty (30) days prior written notice of such construction or development, and of the particular dates on which open trenching will be available for Grantee's installation of conduit, pedestals and/or vaults, and laterals to be provided at Grantee's expense. Grantee shall also provide specifications as needed for trenching. Costs of trenching and easements required to bring service to the development shall be borne by the developer or property owner; except that if Grantee fails to install its conduit, pedestals and/or vaults, and laterals within fifteen (15) working days of the date the trenches are available, as designated in the written notice given by the developer or property owner, then should the trenches be closed after the fifteen day period, the cost of new trenching is to be borne by Grantee.

6.4 Annexation. The Grantor shall promptly provide written notice to the Grantee of its annexation of any territory which is being provided Cable Service by the Grantee or its affiliates. Such annexed area will be subject to the provisions of this Franchise upon sixty (60) days' written notice from the Grantor, subject to the conditions set forth below and Section 6.1 above. The Grantor shall also notify Grantee in writing of all new street address assignments or changes within the Franchise Area. Grantee shall within ninety (90) days after receipt of the annexation notice, pay the Grantor franchise fees on revenue received from the operation of the Cable System to provide Cable Services in any area annexed by the Grantor if the Grantor has provided a written annexation notice that includes the addresses that will be moved into the Franchise Area in an Excel format or in a format that will allow Grantee to change its billing system. If the annexation notice does not include the addresses that will be moved into the Franchise Area, Grantee shall pay franchise fees within ninety (90) days after it receives the annexed addresses as set forth above. All notices due under this section shall be sent by certified mail, return receipt requested to the addresses set forth in Section 15.7 with a copy to the Director of Government Affairs. In any audit of franchise fees due under this Franchise, Grantee shall not be liable for franchise fees on annexed areas unless and until Grantee has received notification and information that meets the standards set forth in this section.

SECTION 7 **Construction and Technical Standards**

7.1 Compliance with Codes. All construction practices and installation of equipment shall be done in accordance with all applicable sections of the National Electric Safety Code.

7.2 Construction Standards and Requirements. Grantee shall construct and maintain its Equipment using materials of good and durable quality and shall ensure that all work involved in the construction, installation, maintenance, and repair of the Cable System shall be performed in a safe, thorough and reliable manner.

7.3 Safety. The Grantee shall at all times employ ordinary care and shall use commonly accepted methods and devices preventing failures and accidents which are likely to cause damage.

7.4 Network Technical Requirements. The Cable System shall be designed, constructed and operated so as to meet those technical standards adopted by the FCC relating to Cable Systems contained in part 76 of the FCC's rules and regulations as may be amended from time to time. The Cable System shall provide for a minimum Channel capacity of at least seventy-seven (77) Channels.

SECTION 8 **Conditions on Street Occupancy**

8.1 General Conditions. Grantee shall have the right to utilize existing poles, conduits and other facilities whenever possible, and shall not construct or install any new, different, or additional poles, conduits, or other facilities on public property provided Grantee is able to access existing poles, conduits, or other facilities on reasonable terms and conditions.

8.2 Underground Construction. The facilities of the Grantee shall be installed underground in those Service Areas where existing telephone and electric services are both underground at the time of system construction. In areas where either telephone or electric utility facilities are installed aerially at the time of system construction, the Grantee may install its facilities aerially with the understanding that at such time as the existing aerial facilities are required to be placed underground by the Grantor, the Grantee shall likewise place its facilities underground. In the event Grantor or any agency thereof directly or indirectly reimburses any utility for the placement of cable underground or the movement of cable, Grantee shall be similarly reimbursed.

8.3 Construction Codes and Permits. Grantee shall obtain all legally required permits before commencing any construction work, including the opening or disturbance of any Street within the Franchise Area, provided that such permit requirements are of general applicability and such permitting requirements are uniformly and consistently applied by the Grantor as to other public utility companies and other entities operating in the Franchise Area. The Grantor shall cooperate with the Grantee in granting any permits required, providing such grant and subsequent construction by the Grantee shall not unduly interfere with the use of such Streets. Notwithstanding the above, the Grantee may set off any administrative permit fees or other fees required by the Grantor related to the Grantee's use of Grantor rights-of-way against the franchise fee payments required under Section 10.1 of this Franchise.

8.4 System Construction. All transmission lines, equipment and structures shall be so installed and located as to cause minimum interference with the rights and reasonable convenience of property owners and at all times shall be kept and maintained in a safe, adequate and substantial condition, and in good order and repair. The Grantee shall, at all times, employ ordinary care and use commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage, injuries, or nuisances to the public. Suitable barricades, flags, lights, flares or other devices shall be used at such times and places as are reasonably required for the safety of all members of the public. Any poles or other fixtures placed in any public way by the Grantee shall be placed in such a manner as not to interfere with the usual travel on such public way.

8.5 Restoration of Public Ways. Grantee shall, at its own expense, restore any damage or disturbance caused to the public way as a result of its operation, construction, or maintenance of the Cable System to a condition reasonably comparable to the condition of the Streets immediately prior to such damage or disturbance.

8.6 Tree Trimming. Grantee or its designee shall have the authority to trim trees on public property at its own expense as may be necessary to protect its wires and facilities.

8.7 Relocation for the Grantor. The Grantee shall, upon receipt of reasonable advance written notice, to be not less than ten (10) business days, protect, support, temporarily disconnect, relocate, or remove any property of Grantee when lawfully required by the Grantor pursuant to its police powers. Grantee shall be responsible for any costs associated with these obligations to the same extent all other users of the Grantor rights-of-way are responsible for the costs related to the relocation of their facilities.

8.8 Relocation for a Third Party. The Grantee shall, on the request of any Person holding a lawful permit issued by the Grantor, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the Street as necessary any property of the Grantee, provided that the expense of such is paid by any such Person benefiting from the relocation and the Grantee is given reasonable advance written notice to prepare for such changes. The Grantee may require such payment in advance. For purposes of this subsection, "reasonable advance written notice" shall be no less than ten (10) business days in the event of a temporary relocation and no less than one hundred twenty (120) days for a permanent relocation.

8.9 Reimbursement of Costs. If funds are available to any Person using the Streets for the purpose of defraying the cost of any of the foregoing, the Grantor shall reimburse the Grantee in the same manner in which other Persons affected by the requirement are reimbursed. If the funds are controlled by another governmental entity, the Grantor shall make application for such funds on behalf of the Grantee.

8.10 Emergency Use. Grantee shall comply with 47 U.S.C. 544(g) and all regulations issued pursuant thereto with respect to an Emergency Alert System ("EAS").

SECTION 9 **Service and Rates**

9.1 Phone Service. The Grantee shall maintain a toll-free telephone number and a phone service operated to receive complaints and requests for repairs or adjustments at any time.

9.2 Notification of Service Procedures. The Grantee shall furnish each Subscriber at the time service is installed, written instructions that clearly set forth information concerning the procedures for making inquiries or complaints, including the Grantee's name, address and local telephone number. Grantee shall give the Grantor notice of any changes in rates, programming services or Channel positions in accordance with applicable law.

9.3 Rate Regulation. The rates and charges for Cable Service provided pursuant to this Franchise shall be subject to regulation in accordance with federal law. If and when exercising rate regulation, the Grantor shall abide by the terms and conditions set forth by the FCC. Nothing herein shall be construed to limit the Grantee's ability to offer or provide bulk rate discounts or promotions.

9.4 Continuity of Service. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to the Grantee are honored, and subject to Grantee's rights under Section 15.2 of this Franchise.

SECTION 10 **Franchise Fee**

10.1 Amount of Fee. Grantee shall pay to the Grantor an annual franchise fee in an amount equal to *five percent (5%)* of the annual Gross Revenue. Franchise fees may be passed through to Subscribers as a line item on Subscriber bills or otherwise as Grantee chooses, consistent with federal law. The amount of franchise fee and the method of calculation shall be equal when compared to the amount or method of calculation of the franchise fee in any other cable franchise or authorization to provide video service granted by Grantor. In the event any other cable franchise or authorization to provide video service provides for a lesser franchise fee than this Franchise, Grantee's obligation to pay a franchise fee under this Section 10.1 shall be reduced by an equivalent amount.

10.2 Payment of Fee. Payment of the fee due the Grantor shall be made on an annual basis, within forty-five (45) days of the close of each calendar year and transmitted by electronic funds transfer to a bank account designated by Grantor. The payment period and the collection of the franchise fees that are to be paid to the Grantor pursuant to the Franchise shall commence sixty (60) days after the Effective Date of the Franchise as set forth in Section 15.13. In the event of a dispute, the Grantor, if it so requests, shall be furnished a statement of said payment, reflecting the Gross Revenues and the applicable charges.

10.3 Accord and Satisfaction. No acceptance of any payment by the Grantor shall be construed as a release or as an accord and satisfaction of any claim the Grantor may have for additional sums payable as a franchise fee under this Franchise.

10.4 Limitation on Recovery. The period of limitation for recovery of any franchise fee payable hereunder shall be three (3) years from the date on which payment by the Grantee was due.

10.5 No auditor engaged by the Grantor shall be compensated on a success-based formula (e.g., payment based on a percentage of an underpayment, if any).

SECTION 11
Transfer of Franchise

11.1 Franchise Transfer. Grantee shall provide at least sixty days' notice to Grantor prior to completion of a transaction that results in the sale, transfer, or assignment of the Franchise. The Franchise granted hereunder shall not be assigned, other than by operation of law or to an entity controlling, controlled by, or under common control with the Grantee, without the prior consent of the Grantor, such consent not to be unreasonably withheld or delayed. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or Cable System to secure indebtedness. Within thirty (30) days of receiving a request for review covered by this Section, the Grantor shall notify the Grantee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Grantor has not taken action on the Grantee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Grantor shall be deemed given.

SECTION 12
Records

12.1 Inspection of Records. Grantee shall permit any duly authorized representative of the Grantor, upon receipt of advance written notice, to examine during normal business hours and on a non-disruptive basis any and all of Grantee's records pertaining to Grantee's provision of Cable Service in the Franchise Area maintained by Grantee as is reasonably necessary to ensure Grantee's compliance with the material terms of the Franchise. Such notice shall specifically reference the subsection of the Franchise that is under review so that the Grantee may organize the necessary books and records for easy access by the Grantor. The Grantee shall not be required to maintain any books and records for Franchise compliance purposes longer than three (3) years. The Grantee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Grantor agrees to treat as confidential any books, records or maps that constitute proprietary or confidential information to the extent Grantee makes the Grantor aware of such confidentiality. If the Grantor believes it must release any such confidential books or records in the course of enforcing this Franchise, or for any other reason, it shall advise Grantee in advance so that Grantee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, the Grantor agrees that, to the extent permitted by State and federal law, it shall deny access to any of Grantee's books and records marked confidential, as set forth above, to any Person.

SECTION 13
Public Education and Government (PEG) Access

13.1 PEG Access. Grantee shall make available channel capacity for non-commercial, video programming for public, educational and governmental ("PEG") access use in accordance with Section 895.4 of the NYPSC regulations and will comply with the minimum standards set forth therein. Such PEG channel capacity may be shared with other localities served by Grantee's cable system, and Grantor hereby authorizes Grantee to transmit PEG access programming authorized herein to such other localities. The tier of service on which such PEG channel(s) may be placed shall be determined by Grantee in accordance with applicable law.

SECTION 14
Enforcement or Revocation

14.1 Notice of Violation. If the Grantor believes that the Grantee has not complied with the terms of the Franchise, the Grantor shall first informally discuss the matter with Grantee. If these discussions do not lead to resolution of the problem, the Grantor shall notify the Grantee in writing of the exact nature of the alleged noncompliance (the "Violation Notice").

14.2 Grantee's Right to Cure or Respond. The Grantee shall have thirty (30) days from receipt of the Violation Notice to (i) respond to the Grantor, contesting the assertion of noncompliance, or (ii) to cure such default, or (iii) if, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the Grantor of the steps being taken and the projected date that they will be completed.

14.3 Public Hearing. If the Grantee fails to respond to the Violation Notice received from the Grantor, or if the default is not remedied within the cure period set forth above, the Board shall schedule a public hearing if it intends to continue its investigation into the default. The Grantor shall provide the Grantee at least twenty (20) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, notice of which shall be published by the Clerk of the Grantor in a newspaper of general circulation within the Grantor in accordance with subsection 15.8 hereof. At the hearing, the Board shall give the Grantee an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the Franchise shall be revoked. The public hearing shall be on the record and a written transcript shall be made available to the Grantee within ten (10) business days. The decision of the Board shall be made in writing and shall be delivered to the Grantee. The Grantee may appeal such determination to an appropriate court, which shall have the power to review the decision of the Board de novo. The Grantee may continue to operate the Cable System until all legal appeals procedures have been exhausted.

14.4 Enforcement. Subject to applicable federal and State law, in the event the Grantor, after the hearing set forth in subsection 14.3 above, determines that the Grantee is in default of any provision of the Franchise, the Grantor may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or
- B. Commence an action at law for monetary damages or seek other equitable relief; or
- C. In the case of a substantial default of a material provision of the Franchise, seek to revoke the Franchise itself in accordance with subsection 14.5 below.

14.5 Revocation.

- A. Prior to revocation or termination of the Franchise, the Grantor shall give written notice to the Grantee of its intent to revoke the Franchise on the basis of a pattern of noncompliance by the Grantee, including one or more instances of substantial noncompliance with a material provision of the Franchise. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have sixty (60) days from

such notice to either object in writing and to state its reasons for such objection and provide any explanation or to cure the alleged noncompliance. If the Grantor has not received a satisfactory response from Grantee, it may then seek to revoke the Franchise at a public hearing. The Grantee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the Franchise. The public hearing shall be conducted in accordance with the requirements of Section 14.3 above.

- B. Notwithstanding the above provisions, the Grantee reserves all of its rights under federal law or regulation.
- C. Upon revocation of the Franchise, Grantee may remove the Cable System from the Streets of the Grantor, or abandon the Cable System in place.

SECTION 15 **Miscellaneous Provisions**

15.1 Compliance with Laws. Grantor and Grantee shall conform to all applicable state and federal laws and rules regarding cable television as they become effective. Grantee shall also conform with all generally applicable Grantor ordinances, resolutions, rules and regulations heretofore or hereafter adopted or established during the entire term of the Franchise. In the event of a conflict between Grantor ordinances, resolutions, rules or regulations and the provisions of this Franchise, the provisions of this Franchise shall govern.

15.1.1 Employment Practices. Grantee will not refuse to hire, nor will it bar or discharge from employment, nor discriminate against any person in compensation or in terms, conditions, or privileges of employment because of age, race, creed, color, national origin, or sex.

15.2 Force Majeure. The Grantee shall not be held in default under, or in noncompliance with the provisions of the Franchise, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Grantee to anticipate and control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain or monitor their utility poles to which Grantee's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

15.3 Minor Violations. Furthermore, the parties hereby agree that it is not the Grantor's intention to subject the Grantee to forfeitures or revocation of the Franchise for violations of the Franchise where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Franchise Area, or where strict performance would result in practical difficulties or hardship to the Grantee which outweighs the benefit to be derived by the Grantor and/or Subscribers.

15.4 Action of Parties. In any action by the Grantor or the Grantee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

15.5 Equal Protection. If any other provider of cable services or video services (without regard to the technology used to deliver such services) is lawfully authorized by the Grantor or by any other State or federal governmental entity to provide such services using facilities located wholly or partly in the public rights-of-way of the Grantor, the Grantor shall ensure that the terms applicable to such other provider are no more favorable or less burdensome than those applicable to Grantee. If the authorization applicable to such other provider contains franchise fee, PEG, free service, right-of-way, or other terms imposing monetary or regulatory burdens that are less costly or less burdensome than the corresponding obligations imposed upon Grantee, Grantor shall, within thirty (30) days of a written request from Grantee, modify this Franchise to ensure that the corresponding obligations applicable to Grantee are no more costly or burdensome than those imposed on the new competing provider. If the Grantor fails to make modifications consistent with this requirement, Grantee agrees not to enforce such corresponding obligations in this Franchise beyond the requirements imposed by the less costly or less burdensome obligations in such competing provider's authorization. As an alternative to the equal protection procedures set forth herein, the Grantee shall have the right and may choose to have this Franchise with the Grantor be deemed expired thirty (30) days after written notice to the Grantor. Nothing in this Franchise shall impair the right of the Grantee to terminate this Franchise and, at Grantee's option, negotiate a renewal or replacement franchise, license, consent, certificate or other authorization with any appropriate government entity. Nothing in this Section 15.5 shall be deemed a waiver of any remedies available to Grantee under federal, state or municipal law, including but not limited to Section 625 of the Cable Act, 47 U.S.C. § 545.

15.6 Change in Law. Notwithstanding any other provision in this Franchise, in the event any change to state or federal law occurring during the term of this Franchise eliminates the requirement for any person desiring to provide video service or Cable Service in the Franchise Area to obtain a franchise from the Grantor, then Grantee shall have the right to terminate this Franchise and operate the Cable System under the terms and conditions established in applicable law. If Grantee chooses to terminate this Franchise pursuant to this provision, this Franchise shall be deemed to have expired by its terms on the effective date of any such change in law, whether or not such law allows existing franchise agreements to continue until the date of expiration provided in any existing franchise.

15.7 Notices. Unless otherwise provided by federal, State or local law, all notices pursuant to this Franchise shall be in writing and shall be deemed to be sufficiently given upon delivery to a Person at the address set forth below, or by U.S. certified mail, return receipt requested, nationally or internationally recognized courier service such as Federal Express or electronic mail communication to the designated electronic mail address provided below. As set forth above, notice served upon the Grantor shall be delivered or sent to:

Grantor: Joseph M. DeStefano
Mayor, City of Middletown
16 James Street
Middletown, NY 10940
mayordestefano@yahoo.com

Grantee: Brendan Cahill
Manager, State Government Affairs

Washington, DC 20001

15.8 Public Notice. Minimum public notice of any public meeting relating to this Franchise or any such grant of additional franchises, licenses, consents, certificates, authorizations, or exemptions by the Grantor to any other Person(s) to provide Cable Services, video services, or other television services utilizing any system or technology requiring use of the public rights of way shall be by publication at least once in a newspaper of general circulation in the area at least ten (10) days prior to the meeting and a posting at the administrative buildings of the Grantor.

15.8.1 Grantor shall provide written notice to Grantee within ten (10) days of Grantor's receipt from any other Person(s) of an application or request for a franchise(s), license(s), consent(s), certificate(s), authorization(s), or exemption(s) to provide Cable Services, video services, or other television services utilizing any system or technology requiring use of the public rights of way. Any public hearings to consider such application or request shall have the same notice requirement as outlined in Paragraph 15.8 above.

15.9 Severability. If any section, subsection, sentence, clause, phrase, or portion of this Franchise is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this Franchise.

15.10 Entire Agreement. This Franchise and any Exhibits hereto constitute the entire agreement between Grantee and the Grantor and they supersede all prior or contemporaneous agreements, representations or understandings (whether written or oral) of the parties regarding the subject matter hereof.

15.11 Administration of Franchise. The Board, or such other person as may be designated and supervised by the Board, is responsible for the continuing administration of the Franchise. This Franchise is a contract and neither party may take any unilateral action that materially changes the mutual promises and covenants contained herein. Any changes, modifications or amendments to this Franchise must be made in writing, signed by the Grantor and the Grantee. Any determination by the Grantor regarding the interpretation or enforcement of this Franchise shall be subject to de novo judicial review.

15.12 NYPSC Approval. This Franchise is subject to the approval of the NYPSC. Grantee shall file an application for such approval with the NYPSC within sixty (60) days after the date the Franchise is approved by Grantor and accepted by Grantee. Grantee shall also file any necessary notices with the FCC.

15.13 Effective Date. The Franchise granted herein will take effect and be in full force from the date of approval by the NYPSC (“Effective Date”). If any fee or grant that is passed through to Subscribers is required by this Franchise, other than the franchise fee, such fee or grant shall go into effect sixty (60) days after the Effective Date of this Franchise.

15.14 No Third Party Beneficiaries. Nothing in this Franchise is intended to confer third-party beneficiary status on any person other than the parties to this Franchise to enforce the terms of this Franchise.

Considered and approved this 23 day of October, 2025.

**Resolution And Notice of Determination of Non-Significance for The Maple Hill Park
Splash Pad Project Pursuant To SEQRA**

**CITY OF MIDDLETOWN COMMON COUNCIL
RESOLUTION AND NOTICE OF DETERMINATION
OF NON-SIGNIFICANCE PURSUANT TO 6 NYCRR 617.10**

WHEREAS, the City of Middletown Common Council wishes to have a new Splash Pad constructed in the swimming pool area in Maple Hill Park, and

WHEREAS, the proposed construction constitutes an Unlisted Action pursuant to the State Environmental Quality Review Act ("SEQRA") regulations, and

WHEREAS, the Common Council is the only involved agency under SEQRA for this construction, and

WHEREAS, the Common Council has received a Short Environmental Assessment Form describing this action, and

WHEREAS, the Common Council has identified the relevant areas of environmental concern and thoroughly considered the criteria for determining significance set forth at 6 NYCRR Part 617.7 (c).

NOW, THEREFORE, BE IT RESOLVED that the City of Middletown Common Council declares itself Lead Agency with respect to this intended construction pursuant to 6 NYCRR § 617.6(b)(1), and be it

FURTHER RESOLVED that the Common Council, after reviewing the materials of this proposal, including the Short EAF, hereby determines that this intended construction is an Unlisted Action under SEQRA, and be it

FURTHER RESOLVED that the Common Council hereby declares that this proposed action will not result in a significant adverse impact on the environment, and an environmental impact statement will not be prepared for this proposed construction, and be it

FURTHER RESOLVED that this Negative Declaration is made pursuant to Article 8 of the Environmental Conservation Law.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Instructions for Preparing Your Proposal

Meeting the Five Tests of an Acceptable Eagle Scout Service Project

Your proposal must be prepared first. It is an overview, but also the beginnings of planning. It must show your unit leader, unit committee, and council or district that your project can meet the following tests.

- 1. It provides sufficient opportunity to meet the Eagle Scout service project requirement.** You must show that planning, development, and leadership will take place; and how the three factors will benefit a religious institution, a school, or your community.
- 2. It appears to be feasible.** You must show the project is realistic for you to carry out.
- 3. Safety issues will be addressed.** You must show you have an understanding of what must be done to guard against injury, and what will be done if someone gets hurt.
- 4. Action steps for further detailed planning are included.** You must make a list of the key steps you will take to make sure your plan will have enough details so it can be carried out successfully.
- 5. You are on the right track with a reasonable chance for a positive experience.**

When completing your proposal you only need enough detail to show a reviewer that you can meet the tests above. If showing that you meet the tests requires a lengthy and complicated proposal, your project might be more complex than necessary. Remember, the proposal is only the beginnings of planning. Most of your planning will come with the next step, preparation of your project plan.

If your project does not require materials or supplies, etc., simply mark those spaces "not applicable." As a reminder, do not begin any work, or raise any money, or obtain any materials, until your project proposal has been approved.

Consider also, that if you submit your proposal too close to your 18th birthday, it may not be approved in time to finish planning and executing the project.

Working with Your Project Beneficiary

On the last two pages of this workbook there is an information sheet called, "Navigating the Eagle Scout Service Project." This is for you to print and give to the religious institution, school, or community that will benefit from your efforts. You should do this as part of your first meeting with your beneficiary and use the sheet to help explain how the Eagle Scout service project works. Be sure to read it carefully so you can explain what it says.

"Navigating the Eagle Scout Service Project" will help you communicate a number of things to your beneficiary. For example, it provides thanks and congratulations for accepting the project; and it gives some background, discusses the requirements, and points out the responsibilities connected with approving your project proposal. It also explains that the beneficiary has the right to review, and also to require changes in your project plan.

Again, be sure to read carefully "Navigating the Eagle Scout Service Project" so you will have a full understanding of the role of your beneficiary.

Next Step: Your Project Plan

Once your proposal is approved, you are **strongly encouraged** to prepare your project plan using the form in this workbook. Doing so increases the likelihood your project will be approved at your Eagle Scout board of review. As you begin preparing it, you should meet with a project coach. Check with the person who handled the approval of your project proposal to learn how coaches are designated in your community.

Your designated coach can help you avoid the common pitfalls associated with Eagle Scout service projects and be a big part of your success. You may also want to talk to your unit leader. There may be adults in your troop who are experts in conducting the kind of project you are planning. It's ok for you to work with them as well. The more coaching you get, the better your results will be.

Beginning Work on Your Project

Once your proposal has been fully approved and you have finished your project planning, only then, may you begin work on your project.

Contact Information

Eagle Scout candidates should know who is involved, but contact information may be more important to unit leaders and others in case they want to talk to each other. While it is recognized that not all the information will be needed for every project, Scouts are expected to provide as much as reasonably possible. Approval representatives must understand, however, that doing so is not part of the service project requirement.

Project Description and Benefit

Briefly describe your project

For my Eagle Project, I plan to fix and put a group of African American soldiers' graves on display for passersby to see easily and to give these soldiers the respect they deserve.

For context, 44 African American Civil War soldiers and their families' graves were dumped into the pond at the cemetery. They were disregarded because they were African American soldiers. A group of people retrieved them from the pond and relocated them in an area prone to flooding and not regularly maintained. The soldiers were then identified, and many were buried next to their wives and children. The graves were placed next to the pond, where they got covered by trees and vines, making them barely visible to the public and only found with help. The graves are laid on the ground, looking like a walkway, and years ago, an Eagle Scout surrounded the graves with a small barrier for his Eagle project. Many of the graves have been damaged and dirtied, and I would like to polish them up. Then, I would like to take the graves out and lay them on a box I'll build, where they'll be slanted at an angle for all to see out of the wooded area. I would do this while making sure I separate no families. There are also stones that were added in the 80s so that people could read the names of the soldiers since the graves from the 1800s are barely legible at this point.

I was given permission to take down as many trees as needed. If I need help taking down a tree, they can take it down for me. The area is completely overgrown and will require a lot of landscaping. I also plan on putting a marker on the main road to indicate that these graves are set back. There is no path to this area either. I plan on laying flat stones to make a walkway.

I am going to put a monument near the graves with a plaque to inform visitors of my project and its significance. There was a large stone monument in a different area of the cemetery that was damaged, and Hillside has offered to give it to me to use for this purpose.

I will also add a bench. The area is next to a pond and it is shaded and will make for a nice reflection/quiet space.

Include images on an additional document.

Tell how your project will be helpful to the beneficiary. Why is it needed?

My project is beneficial to Hillside Cemetery because the cemetery takes pride in its history, and the fact that an important section of history is hidden from those who visit is not something the cemetery likes. The graves are obscured by many trees, with no trail leading to them or any labels or signs pointing them out. The stones are not known to anyone except for those who have been told and shown, and if they are more visibly displayed and labeled, they could become known to many.

I believe this project is needed because many people interested in history, like me, would find it amazing that we have this rich history right here in Middletown. The bench could be a nice place to relax and enjoy the cemetery. The cemetery also needs help in knowing what to do with the broken stone, and the idea of recycling it for a section they want improved really interests them.

When do you plan to begin carrying out your project?

When do you think your project will be completed?

Giving Leadership

Approximately how many people will be needed to help on your project?

Where will you recruit them (unit members, friends, neighbors, family, others)?

I will mainly get help from the Troop and my family. The cemetery workers are also willing to provide any help I need. My fellow ROTC cadets and Chief are eager to help.
This project is going to take place over several weekends, im going to ask for 10-15 workers each weekend.

What do you think will be most difficult about leading them?

Teaching all of the volunteers how to safely take out the graves without damaging them is my main concern. Making sure they show up when they say they will and that they are respectful of their surroundings is also going to be challenging.

Materials

Materials are things that become part of the finished project, such as lumber, nails and paint.

What types of materials, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required. For example, for lumber, use basic dimensions such as 2x4 or 4x4.

Pressure treated 4x4s
Plaque
Bench
Item 4
Pole and sign
Exterior screws
Flagstone (for walkway)
Rebar

Supplies

Supplies are things you use up, such as food and refreshments, gasoline, masking tape, tarps, safety supplies and garbage bags.

What types of supplies, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required.

Lunch
Drinks
Gasoline
Goggles
Gloves
First aid kit
Cleaning supplies(sponges,brushes,vinnegar)

Tools

Include tools, and also equipment, that will be borrowed, rented, or purchased.

What tools or equipment, if any, will you need? You do not need a detailed list, but you must show you have a reasonable idea of what is required.

Chainsaw
Shovels
Circular saw
Rakes
Pruning scissors
Drill
Bobcat/Skid steer
Wheel barrel
Hammers
Pickaxe

The cemetery has many tools and equipment that they are willing to lend.

Other Needs

Items that don't fit the above categories; for example, parking or postage, or services such as printing or pouring concrete, etc..

What other needs do you think you might encounter?

I will have a plaque and sign made
Pouring concrete footings

Permits and Permissions

Note that property owners should obtain and pay for permits.

Will permissions or permits (such as building permits) be required for your project? Who will obtain them? How long will it take?

There are no permits needed. I spoke with the cemetery's board and have secured all required permissions to carry out my project.

Preliminary Cost Estimate

You do not need exact costs yet. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses. Include the value of donated materials, supplies, tools, and other items. It is not necessary to include the value of tools or other items that will be loaned at no cost. Note that if your project requires a fundraising application, you do not need to submit it with your proposal.

Enter your estimated expenses below
(include sales tax if applicable)

Materials:	2,000
Supplies:	300
Tools:	0
Other:	350
Total Costs:	\$2,650

Fundraising: Explain how you will raise the money to pay for the total costs. If you intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too.

I plan to seek donations for materials. To begin with my city recently pulled up flagstone when they redid sidewalks. I want to meet with the mayor and see if they will donate a few pieces for the walkway. I will reach out to the local monument company that the cemetery told me about to ask for a donation of the plaques I need. My local Lions and Rotary Clubs make monetary donations, I will reach out to them. I will also reach out to big box companies for lumbar donations. Once I've gathered as much material donations as possible I will run a fundraiser, through go fund me. I will send it out to my community, my parents employers, businesses and family.

Project Phases

Think of your project in terms of phases, and list what they might be. The first may be to prepare your project plan. Other phases might include fundraising, preparation, execution and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated; brief, one line descriptions are sufficient. If you have more than 10 phases, attach a separate page with your continued phase list.

1	Brainstorm ideas for what type of project, narrow it down, find a beneficiary
2	Speak with the beneficiary and come up with a solid plan outlining the exact details of my project
3	Prepare my project proposal
4	Present my project to my troops committee and then submit it to council and secure the go ahead
5	Fundraise for my project, reach out to see what I am able to get donated
6	Select workdays to set up a schedule and share it out to recruit help
7	Make a detailed list of materials, supplies and tools needed
8	Shop and gather tools I'm borrowing
9	Execute work
10	Complete report

Logistics

How will you handle transportation of materials, supplies, tools, and helpers?

I plan on having materials delivered directly to the cemetery. I already spoke with them about this and they said I am free to start gathering supplies/materials and leave them at the work site.
Tools will be packed up in my father's work truck and they will stay there the duration of my work.
Helpers will be dropped off by their parents and I will arrange car pools if necessary.

Safety Issues

The Guide to Safe Scouting is an important resource in considering safety issues.

Describe the hazards and safety concerns of which you and your helpers should be aware.

Read the "[Age Guidelines for Tool Usage](#)" at Scouting.org

When reviewing my project, I have identified these hazards . My project will involve cutting down trees, and I will ensure the safety of my peers by having the adult workers cut down the trees. The trees will be cut in a roped -off area so no one can get close to the work. The use of power tools to cut down trees will only be permitted for adult workers; no scout or ROTC cadet will touch the tools. Another hazard to consider for my project is ticks, as the work area is full of ticks that can harm the workers. To prevent this, I will require everyone to wear long pants and use bug repellent to ensure they don't get bitten . The transportation of stones can also lead to injuries, so to prevent any injuries, I will make all the volunteers wear boots to protect their feet if a rock falls and gloves to protect their hands from any sharp or dangerous hazards. All workers will be required to wear safety goggles to prevent any harmful eye injuries.

Project Planning

You do not have to list every step, but it must be enough to show you have a reasonable idea of how to prepare your plan.

List some action steps you will take to prepare your project plan. For example, "Complete a more detailed set of drawings."

I started my project planning by narrowing down what type of project I wanted to do. Since I take an interest in history I remembered the tour I took of the cemetery where I found many old graves that can be fixed. I then sat down with one of their board members and discussed possible ideas for my project. I then met with another board member to see the eagle project ideas in person and see the area I would use. I took pictures at the area and made plans to what I will do with the area.

The next steps I plan on taking once I have approval is to come up with detailed plans for the boxes I plan to build to prop up the graves. There are 44 stones, I need to decide how I am going to group them and how many boxes I will make.

I will make a detailed map of the area, including measurements I will go take of the area. I will then make decisions on placements of the boxes, bench and signs.

I will go and make a mockup of the pathway I want to build and make sure the cemetery is happy with the placement.

I have reviewed this proposal and discussed it with the candidate. I believe it provides impact worthy of an Eagle Scout service project, and will involve planning, development and leadership. I am comfortable the Scout understands what to do, and how to lead the effort. I will see that the project is monitored, and that adults or others present will not overshadow them.	This Eagle Scout candidate is a Life Scout, and registered in our unit. I have reviewed this proposal, I am comfortable the project is feasible, and I will do everything I can see that our unit measures up to the level of support we have agreed to provide (if any). I certify that I have been authorized by our unit committee to provide its approval for this proposal.

This service project will provide significant benefit, and we will do all we can to see it through. We realize funding on our part is not required, but we have informed the Scout of the financial support (if any) to which we have agreed. We understand any fund raising the Scout conducts will be in our name and that funds left over will come to us if we are allowed to accept them. We will provide receipts to donors as required.	I have read topics 9.0.2.0 through 9.0.2.15, regarding the Eagle Scout service project, in the <i>Guide to Advancement</i> , No. 33088. I agree on my honor to apply the procedures as written, and in compliance with the policy on "Unauthorized Changes to Advancement." Accordingly, I approve this proposal. I will encourage the candidate to prepare a project plan and share it with the designated project coach.

Dear Mayor DeStefano and Common Council Members,

My name is Joseph Galdamez. I am 14 years old and live in Middletown's 2nd Ward. I currently attend Middletown Highschool, where I am in the 10th grade. Since I was 5 I have been a Boy Scout. I am working towards achieving the highest rank a Scout is able to earn, my Eagle Scout. Getting to this level required me to earn 21 specific badges across different topics, volunteer and show leadership in my Troop. I came up with my project and then needed to present it to my Troop Committee and then I got approval from Boy Scouts of America's local council.

I have always loved history, and one of my favorite topics to study is the Civil War. I toured Hillside Cemetery with Andy Mills and he showed me an area with Civil War Soldiers. Unfortunately this area is prone to flooding and located in a hidden wooded area making the gravestones difficult to see. When it came time to pick an Eagle Project I knew I wanted to do something meaningful there.

My plan is to dig up the headstones and move them out and make a wooden box to settle all the graves in. There are 33 graves in total which will be moved to 4 boxes that will hold 4 on each side except for one box which will hold 5 on one side. I am going to prop the headstones up using stones so that visitors are able to read them. I also plan to build a bench made from a broken monument that Andy had at Hillside, providing a peaceful place for visitors to sit and reflect. I also intend on making the area a historical site with a sign and a plaque on a stone which will also be built from the broken monument. Lastly, I plan on making a pathway to the area made from Flagstone, which I will be asking for now. I will need enough flagstones to cover 30 ft. Which is what I am requesting assistance with at this time. One part of the BSA Law is that a scout is thrifty. I am reaching out to request the stone because I think this is a good way to repurpose something that the city has on hand after the sidewalk projects.

Thank you for considering my project. I believe this restoration will honor our local history and the memory of those who served during the Civil War.

Sincerely,
Joseph Galdamez

Re: 137 Liden Avenue Re-Zoning

Dear City Clerk McCormick:

As Ward 2 Alderman Elect, I'm writing to extend my enthusiastic support for the Common Council's approval at the December 2nd Public Hearing and Council Meeting of the proposed Spot Zoning of 137 Linden Avenue.

As noted by the Mayor in his address, this is a step in the right direction to address issues of density, quality of life, with improved parking and new housing opportunities for residents in Linden Avenue-Chapel Park vicinity of our Ward. As Ward 2 Alderman I look forward to supporting these endeavors along those shared by our City Economic Community Development on new homeownership opportunities, to advance the quality of life of all our residents.

Again, I thank the Mayor, City Administration and Common Council for moving our city forward with a shared comprehensive vision that advances our city's economic development and quality of life for our residents.

Respectfully Yours,

Kevin Gomez

**Instructions for Completing the
Offeror Disclosure of Prior Non-Responsibility Determinations**

Background:

New York State Finance Law §139-k(2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offeror must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provisions of false or incomplete information to a Governmental Entity. The terms "Offeror" and "Governmental Entity" are defined in State Finance Law §139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on Contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offeror fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offeror that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offeror is necessary to protect public property or public health safety, and that the Offeror is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §§139-j(10)(b) and 139-k(3).

Instructions:

The County of Orange includes this disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract, Supplemental or Change Order. This document must accompany each Bid Form, Letter of Interest, or Proposal submitted by all Offerors.

IRAN DIVESTMENT ACT CERTIFICATION

The Iran Divestment Act of 2012 ("Act"), Chapter 1 of the 2012 Laws of New York, added State Finance Law (SFL), §165-a and General Municipal Law §103-g, effective April 12, 2012. Under the Act, the Commissioner of the New York State Office of General Services ("OGS") developed a list ("Prohibited Entities List") of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). In accordance with SFL § 165-a(3), the Prohibited Entities List may be found on the OGS website at <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf>.

Pursuant to General Municipal Law §103-g, by signing below, Offeror certifies as true under the penalties of perjury that:

By submission of this proposal each Offeror and each person signing on behalf of any Offeror certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each Offeror is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law.

A proposal shall not be considered for award nor shall any award be made where the certification has not been made, provided, however, that if in any case the Offeror cannot make the certification, the Offeror shall so state and shall furnish with the proposal a signed statement which sets forth in detail the reasons therefor. The County may award a contract to an Offeror who cannot make the required certification on a case-by-case basis if:

- 1) The investment activities in Iran were made before April 12, 2012, the investment activities in Iran have not been expanded or renewed after April 12, 2012, and the person has adopted, publicized, and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran; or
- 2) The County makes a determination that the goods and services are necessary for the County to perform its functions and that, absent such an exemption, the political subdivision would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

During the term of the Contract, should the County receive information that a person is in violation of the above-referenced certifications, the County will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the contractor in default.

The County reserves the right to reject any bid, proposal, contract or request for assignment for an entity that appears on the Prohibited Entities List prior to the award or execution of a contract or any renewal thereof, as applicable, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities List after contract award.

5. Any person or organization that is an equipment lessor is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions in the maintenance, operation or use by you of equipment leased to you by such equipment lessor.

The insurance provided to such equipment lessor does not apply to any "bodily injury" or "property damage" that occurs, or "personal and advertising injury" caused by an offense that is committed, after the equipment lease expires.

F. BLANKET ADDITIONAL INSURED - PERSONS OR ORGANIZATIONS FOR YOUR ONGOING OPERATIONS AS REQUIRED BY WRITTEN CONTRACT OR AGREEMENT

The following is added to SECTION II - WHO IS AN INSURED:

Any person or organization that is not otherwise an insured under this Coverage Part and that you have agreed in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage", or "personal and advertising injury" that:

- a. Is "bodily injury" or "property damage" that occurs, or is "personal and advertising injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement; and
- b. Is caused, in whole or in part, by your acts or omissions in the performance of your ongoing operations to which that contract or agreement applies or the acts or omissions of any person or organization performing such operations on your behalf.

The limits of insurance provided to such insured will be the minimum limits that you agreed to provide in the written contract or agreement, or the limits shown in the Declarations, whichever are less.

COMMERCIAL GENERAL LIABILITY

G. KNOWLEDGE AND NOTICE OF OCCURRENCE OR OFFENSE

The following replaces Paragraphs 2.e.(1) and 2.e.(2) of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS:**

(1) Notice to us of such "occurrence" or offense must be given as soon as practicable only after the "occurrence" or offense is known to you (if you are an individual), any of your lawfully elected or appointed officials, "executive officers" or directors (if you are a public entity), any of your partners or members who is an individual (if you are a partnership or joint venture), any of your managers who is an individual (if you are a limited liability company), any of your "executive officers" or directors (if you are an organization other than a public entity, partnership, joint venture or limited liability company), any of your trustees who is an individual (if you are a trust) or any "employee" authorized by you to give notice of an "occurrence" or offense.

(2) If you are a partnership, joint venture, limited liability company or trust, and none of your partners, joint venture members, managers or trustees are individuals, notice to us of such "occurrence" or offense must be given as soon as practicable only after the "occurrence" or offense is known by:

- (a) Any individual who is:
 - (i) A lawfully elected or appointed official, executive officer or director of any public entity;
 - (ii) A partner or member of any partnership or joint venture;
 - (iii) A manager of any limited liability company;
 - (iv) An executive officer or director of any other organization; or
 - (v) A trustee of any trust; that is your partner, joint venture member, manager or trustee; or

(b) Any employee authorized by such partnership, joint venture, limited liability company, trust or other organization to give notice of an "occurrence" or offense.

H. BLANKET WAIVER OF SUBROGATION

The following is added to Paragraph 8., **Transfer Of Rights Of Recovery Against Others To Us,** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS:**

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a. "Bodily injury" or "property damage" that occurs; or
- b. "Personal and advertising injury" caused by an offense that is committed;

subsequent to the execution of the contract or agreement.

I. CONTRACTUAL LIABILITY - RAILROADS

1. The following replaces Paragraph c. of the definition of "insured contract" in the **DEFINITIONS** Section:

c. Any easement or license agreement;

2. Paragraph f.(1) of the definition of "insured contract" in the **DEFINITIONS** Section is deleted.

J. DAMAGE TO PREMISES RENTED TO YOU

The following replaces the definition of "premises damage" in the **DEFINITIONS** Section:

"Premises damage" means "property damage" to:

- a. Any premises while rented to you or temporarily occupied by you with permission of the owner; or
- b. The contents of any premises while such premises is rented to you, if you rent such premises for a period of seven or fewer consecutive days.

Re: Funds Transfer Request for New Desk Units for Office Staff

We are requesting the following transfers to cover the purchase of five new desk units for the Public Works Office Staff off NYS Contract (PC70286). The following is the justification by our administrative staff for updating the office furniture: The current units are not at a comfortable working height, the surfaces are scratched and worn, and many of the drawers do not stay closed. We have shims under those drawers to avoid tripping hazards.

ASSESSMENT
COLLECTOR’S WARRANT
FOR 2026

STATE OF NEW YORK)
COUNTY OF ORANGE) SS.:
CITY OF MIDDLETOWN)

THE PEOPLE OF THE STATE OF NEW YORK TO **Leonora Liz**, COLLECTOR OF THE CITY OF MIDDLETOWN, IN SAID COUNTY, GREETING:

YOU ARE HEREBY REQUIRED AND COMMANDED TO COLLECT from the several persons named in the assessment roll, to which this warrant is annexed, the several sums mentioned in the total \$24,577,093 column thereof opposite their respective name, together with your fees thereon as herein provided.

On all sums of taxes or assessments received or collected within thirty days after giving the notice required by law you are to collect no fees. After the expiration of thirty days, you are hereby authorized to add and collect two per centum on every dollar for collecting the same as your fees thereon.

YOU ARE FURTHER REQUIRED AND COMMANDED to pay over all monies so collected by you, (exclusive of your fees for collection), to the proper officer daily and return this warrant to me within ninety days from date.

If any person shall neglect or refuse to pay any tax imposed upon him, or the fees herein allowed, after giving the notice required by law and waiting the time specified in the statute, you are hereby authorized to levy the same by distress and sale upon any personal property in said County belonging to, or in possession of, such person and cause the same to be sold, at public auction or otherwise in accordance with the City Charter, for the payment of such tax and the fees and expenses of collection, and no claim of property to be made by any other person thereto shall be available to prevent such sale and for so doing this shall be your sufficient warrant.

IN WITNESS THEREOF, the Common Council of said City, at a regular session, held on 12/16/2025 has authorized this warrant to be signed by the Mayor of said City, and the Seal of the City to be affixed thereto, by a resolution duly passed by a majority vote of said Council, and I, in pursuance of such authorization, have this 16st day of December in the year of our Lord Two Thousand Twenty two hereunto set my hand and caused the Corporate Seal of the City of Middletown to be affixed.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and agreements contained herein, Pets Alive and the City of Middletown do hereby agree as follows:

Recovery Stations:

- The care for cats at the recovery area shall include but not limited to; feeding, cleaning, identify friendlies and report issues.
- Males recover overnight, females recover in two/three nights.
- Volunteers will be provided with supplies needed (gloves, cleaning products, food, litter, water bowls, litter pans, etc.) by the organization.
- Pets Alive may also use fosters for recovery stations for both kittens and adults as needed.

Issues & Solutions:

- If a feral cat is very late term pregnant, then the female will be housed or fostered in an isolated area until she has given birth and weaned her kittens. Once weaned, the kittens will be altered and adopted out. The mother cat will be spayed and returned.
- Friendly cats will be identified and adopted out as friendly indoor cats.
- All cats released back into the community will be ear tipped. Ear tipping advises that the cat has already been spayed or neutered.

Protocol For Sick Cats:

- Sick cats will be evaluated on a case-by-case basis.
- If a cat is seriously ill and the veterinarian feels the chances of survival are little to nothing, the cat will be humanely euthanized. The City of Middletown will cover up to \$100 which includes the \$50 TNR fee.

- If a cat needs medical attention before it is released back into the community, The City of Middletown will cover up to \$100 for medical expenses.

Volunteers and Staff:

- The TNR project will mainly be handled by volunteers and managed by TNR Coordinator, Debbie Pesola, under management of Pets Alive staff.
- Will verbally notify residents in the area approximately 2 days prior to trapping in each location (for resident's who usually allow their cats outside, will keep their animals inside during trapping days).
- Trapping will take place on Tuesday nights, and will be spayed/ neutered, vaccinated and ear tipped on Wednesdays at The Animal Rights Alliance (T.A.R.A).
- The ACO will assist Pets Alive with notifications in trapping areas as needed.
- Transport cats to and from the vet once trapped.
- Deliver cats to designated recovery areas after surgery.
- Pick up cats from the recovery area and return him/her to the original colony location.

TNR Coordinator and Pets Alive staff will:

- Schedule volunteers to trap, transport, care-give and other needs as identified.
- Interact with the public as needed.
- Track information such as number of cats, locations, number of inquiries, issues, etc.
- Train all volunteers on trapping and releasing.

TNR Locations:

- The Middletown ACO will advise Pets Alive via email and or by phone of locations where trapping is needed on city owned property.
- The ACO will direct residents who are in need of TNR services on private property to the Pets Alive website and phone number.

Reimbursement from the City of Middletown, New York:

- The City of Middletown will pay Pets Alive a fee of \$50 per cat for TNR services.
- The City of Middletown will notify Pets Alive when the yearly TNR budget is exhausted.

- Pets Alive will provide a monthly invoice to the City of Middletown ACO via email at Msmall@middletownpolice.com and to the confidential secretary at Cdugan@middletownpolice.com.
- Accompanied with each invoice shall be a description of each cat that was trapped along with its location and final disposition of each cat (re-released, adopted out, etc.).
- Any documentation provided by the veterinarian for each cat that was TNR'D should accompany the invoice as well.
- Pets Alive will submit a copy of certificate of liability insurance at the time of signing this contract.

AGREEMENT

THIS AGREEMENT made this _____ day of _____, 202__ pursuant to the provisions of Article 7 of the Agriculture and Markets Law, by and between the City of Middletown, a municipal corporation organized under the laws of the State of New York, party of the first part, address: 16 James Street, Middletown, NY 1094 (hereinafter referred to as the “City,”) and Pets Alive Inc., a not-for-profit corporation duly organized and existing under the Not-For-Profit Law of the State of New York, and having its office and principal place of business at 363 Derby Rd., Middletown, NY 10940, party of the second part (hereinafter referred to as “Pets Alive”).

WITNESSETH:

WHEREAS, Pets Alive owns and operates a shelter for the care of dogs and the City requires a facility suitable for such shelter and care, and

WHEREAS, the City desires to utilize the services of Pets Alive and access to said shelter,

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements contained herein, Pets Alive and the City do hereby agree as follows:

- Pets Alive shall act as a secondary shelter for dogs seized within the City by an authorized Animal Control Officer in accordance with Article 7 of the Agriculture and Markets Law. Pets Alive’s duties with respect to said dogs shall be performed at the cost and expense of Pets Alive and are as follows:
 - To properly shelter, care, feed, and water such dogs for the minimum redemption period required by the Agriculture and Markets Law;
 - To make such dogs available for redemption by their owners for a period of time equal to or greater than the minimum redemption period.
 - To make such dogs available for adoption for a period of time equal to or greater than the minimum redemption period if at the end of the appropriate redemption period, said dog has not been redeemed by its owner, provided that the dog’s temperament and health makes it suitable for adoption, which is to be determined solely by Pets Alive’s Director.
 - To determine that the appropriate license has been issued and the appropriate fees paid to the City before the dog is released to the owner. Pets Alive shall have no obligation to return the dog to the owner until satisfactory proof of such has been provided to Pets Alive.
 - Any sick or injured animal picked up by the Animal Control Officer shall receive appropriate veterinarian care prior to delivery to the shelter. At the time of delivery to the shelter, the Animal Control Officer shall provide the shelter, in writing, the veterinarian’s diagnosis, treatment protocol, and necessary medication to treat the dog. Any subsequent additional expense related to the dog shall be billed directly to the City during the redemption period.

- To arrange for a veterinarian or a New York State Licensed technician to humanely euthanize any dog for which euthanasia is necessary and legally authorized, and to arrange for the cremation of any dogs so euthanized.
- To prepare, retain, and make available to the City complete and accurate records concerning the care and disposition of all dogs cared for by the shelter hereunder as well as any expenses incurred and any fees collected.
- Pets Alive shall **NOT** accept for impoundment any dogs which:
 - Are in need of veterinary services, except in accordance with paragraph 1(e), or
 - Are not accompanied by the appropriate Animal Control Officer's seizure report
 - It does not have room to house within the shelter.
- Pets Alive shall accept from the City Animal Control Officer(s) any homeless stray and
- abandoned which are picked up by the Animal Control Officer(s) in the City. Pets Alive will allow the Animal Control Officer(s) of the City access to its shelter at reasonable times.
- In consideration for the above mentioned services, the City shall remit to Pets Alive, within 30 days after the City Council has audited and approved for payment Pets Alive's voucher, the sum of **\$ 300.00 per dog** to be paid quarterly.
- Nothing contained herein shall limit Pets Alive's rights under Section 183 of the Lien Law, or pursuant to Section 373 of the Agriculture and Markets Law, or as derived from any other general or special law, or by means of any civil action or proceeding to recover from the owner thereof any necessary or reasonable costs and expenses incurred by the Society in providing pound and shelter for any City dogs.

Nothing contained herein shall limit the City's rights under applicable provisions of the law, or by means of any civil action or proceeding, to recover the owner of any dog delivered by the City to Pets Alive's shelter any fees, charges or outstanding fines or penalties owned by such owner of the City.

Nothing herein shall obligate the City to deliver to Pets Alive any minimum number of dogs or all of the dogs seized in the City by the City Animal Control Officer(s).

- The term of this agreement is from **January 1st, 2026 through December 31st, 2026**, unless earlier terminated pursuant to the provisions of paragraph 8. In the event that the parties fail to fully renew this Agreement upon the termination of the same, this

Agreement shall be deemed to be self-perpetuating, unless the same is formally terminated as hereinbefore provided by either party.

- Pets Alive shall not commence services under this contract unless it has obtained all insurance required under this paragraph and such insurance has been approved by the City.
 - **Compensation Insurance** – Pets Alive shall take out and maintain during the life of this contract, Workers' compensation insurance for its employees to be assigned to the work hereunder.
 - **General Liability and Property Damage Insurance** – Pets Alive shall take out and maintain during the life of this contract, such general liability and property damage insurance as shall protect it from claims for damages for personal injury, as well as from claims for property damage which may arise from operations under this contract. The amounts of such insurance shall be as follows: (**See attached Certificate of Insurance**).
 - Pets Alive shall furnish the above insurances to the City and shall also name the City as an additional named insured in said policies.
 - Any significant incident involving a dog after it has been delivered to Pets Alive shall be reported to the Animal Control Officer of the City as soon as possible and not later than twenty-four hours from the time of such incident. A detailed written report must be submitted to the City as soon thereafter as possible but not later than three (3) days after the date of such incident.
- The City shall have the right to cease performing (except for payment for past services rendered) or terminate the contract if:
 - Pets Alive is adjudged bankrupt or makes an assignment for the benefit of creditors; or
 - A receiver or liquidator is appointed for Pets Alive or for any of its property and is not dismissed within twenty (20) days after such appointment or the proceedings in connection therewith are not stayed on appeal within the said twenty (20) days, or
 - Pets Alive fails or refuses to comply with all applicable laws or ordinances; or
 - Pets Alive is guilty of substantial violation of any provision of this contract;
 - In any event, either party, may, without prejudice to any other rights or remedy it may have, within fourteen (14) days written notice to the other party, terminate this Agreement.
- Pets Alive shall have the right to cease performing or terminate the contract if the City is guilty of a substantial violation of any provisions of this contract.

- It is hereby mutually covenanted and agreed that the relation of Pets Alive to the services to be performed by it under this contract shall be that of an independent contractor. As an independent contractor, it will be responsible for all damage, loss or injury to persons or property that may arise in or be incurred during the conduct and progress of said services, whether or not Pets Alive, its agents, or employees have been negligent. Pets Alive shall hold and keep the City free and discharged of and from any and all responsibility and liability of any sort or kind. Pets Alive shall assume all responsibility for risks or casualties of every description, for loss or injury to persons or property arising out of the nature of the services, from the action of the elements, or from any unforeseen or unusual difficulty. Pets Alive shall assume all blame, loss and responsibility of any nature by reason of neglect or violation of any federal, state, county, or local laws, regulations or ordinances.
- Pets Alive agrees to defend, indemnify and save the City, its officers, agents and employees, harmless from any and all liability imposed on the City, its officers, agents and/or employees arising from the negligence, active or passive, of Pets Alive, and the City agrees to defend, indemnify and save Pets Alive, its officers agents and employees, harmless from any and all liability imposed on Pets Alive, its officers agents and/or employees arising from the negligence, active or passive, of the City.
- In accordance with the provisions of Section 109 of the General Municipal Law, Pets Alive is hereby prohibited from assigning, transferring, conveying, subletting or otherwise disposing of this agreement, or of its right, title or interest in this agreement, or its power to execute this agreement, to any other person or corporation without the previous consent in writing of the City.
- Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to have been inserted herein. If any such provision is not inserted through mistake or otherwise, then upon the application of either party this contract shall be physically amended to make such insertion. In particular, Pets Alive shall, amongst other things, fully comply with:
 - Labor Law Section 220-e and Executive Law Sections 291-299 and the Civil rights Law relating to prohibition against discrimination and equal opportunity.
 - Affirmative action as required by the Labor law.
- Should any dispute arise between the City and Pets Alive regarding the manner or sufficiency of the performance of the services to be rendered hereunder, the disputed matter shall be settled by arbitration in accordance with the laws of the State of New York. There shall be three arbitrators, one of whom shall be selected by each of the parties hereto, and the third by two arbitrators so selected. If the selection of any arbitrator is not made within fifteen (15) days of the time that either party has notified the other of the name of the arbitrator it has selected, then the arbitrator or arbitrators not selected shall be appointed in a manner provided by the laws of the State of New York. The work shall not be interrupted or delayed pending such decision.

The Supervisor/Mayor of City of Middletown, whose signature appears hereafter, is duly authorized and empowered to execute this instrument and enter into such an agreement on behalf of the City. Pets Alive represents that the member of Pets Alive, whose signature appears hereafter, is duly authorized and empowered to execute this instrument and enter into such an agreement on behalf of Pets Alive. The instrument shall be executed in duplicate. At least one copy shall be permanently filed, after execution thereof, in the office of the City Clerk.

- Any and all notices and payments required hereunder shall be addressed as follows, or to such other address as may hereafter be designated as follows, or to such other address as may hereafter be designated in writing by either party hereto:

To: City of Middletown
16 James Street
Middletown, NY 10940

To: Pets Alive, Inc.

Inspection Agreement

1. Reports: The results of the inspection and/or test shall be detailed on Sullivan Fire Protection Corp. then current report form which shall be distributed to the CUSTOMER and any designee of CUSTOMER.
2. Inspection Notification: Prior to Sullivan Fire Protection Corp. performing any tests, the CUSTOMER must notify any alarm monitoring COMPANY, the local fire department, and all occupants and tenants.
3. Emergency/Additional Inspection: Emergency or additional inspections requested by the CUSTOMER will be furnished at an extra charge and be subject to all terms and conditions of this Agreement.
4. Additional Equipment: In the event additional equipment is installed or the systems are modified after the date of this contract, the annual inspection charge shall be increased in accordance with Sullivan Fire Protection Corp. prevailing rates as of the first inspection of the additional equipment/modification.
5. Water Supply: Testing and treatment of the water supply, and any costs associated therewith, are not covered by this Agreement and are the sole responsibility of the CUSTOMER. Equipment is available that is designed to monitor for conditions that can contribute to internal corrosion inside the water based fire protection system installed in your facility. Such testing and treatment can be provided pursuant to a separate written agreement.
6. Scope of Inspection: The inspection and testing services provided by this Agreement are designed to determine the functionality of the inspected systems at the time of the inspection/test. The inspection and testing provided under this Agreement does not include: maintenance, repairs, alterations, or replacement of parts or any other field adjustments. Sullivan Fire Protection Corp. may choose to offer such services at an additional charge, but is not obligated under this Agreement to do so. The inspections and testing provided under this Agreement are NOT a system survey or engineering analysis of the system, its installation and/or its design. Inspection and testing services under this Agreement are not intended to reveal design or installation flaws or code compliance violations.

Any suggested improvements itemized on any inspection and/or testing report do not constitute an engineering review of the fire protection/suppression system installed in your facility. To the extent such are itemized, they were noticed while conducting an inspection and test of your fire protection system in accordance with applicable NFPA Inspection and Testing Guidelines; however, such items are not part of the NFPA required inspection and test. Sullivan Fire Protection Corp. makes no guarantee or assurance that all defects or deficiencies in the systems have been itemized.

The scope of work under this Agreement is limited to the provision of inspection and testing services. Sullivan Fire Protection Corp. is not required to move personal property, equipment, walls, and ceilings or like materials which may impede access or limit visibility. Areas that are concealed are excluded from the inspection. Access to all areas of the building shall be available for Sullivan Fire Protection Corp at the time of the inspection. Coordination and notification of said access is the sole responsibility of the customer. Any area of the building to which access is limited or unavailable at the time of inspection shall be excluded from the inspection.

Sullivan Fire Protection Corp. does not warrant that the equipment or systems inspected/tested will meet or comply with the requirements of any fire or life safety code, or regulation of any state, municipality or other jurisdiction of CUSTOMER's particular location.

7. Work of Others: Sullivan Fire Protection Corp. makes no warranty as to the quality of work performed by others or the functionality and design of the originally installed/modified fire sprinkler/suppression or alarm system(s). Sullivan Fire Protection Corp. makes no warranties, express or implied, regarding the adequacy, performance or condition of any fire protection/suppression or notification equipment. Sullivan Fire Protection Corp. cannot and does not guarantee that loss or damage will not occur.

8. Limitation of Liability - Liquidated Damages: The parties hereto agree that it is impractical and extremely difficult to fix the actual damages, if any, that may proximately result from failure on the part of Sullivan Fire Protection Corp. to perform any of its obligations hereunder. CUSTOMER does not desire that this contract provide for full liability of Sullivan Fire Protection Corp. and agrees that Sullivan Fire Protection Corp. shall be exempt from liability for loss or damage due directly or indirectly to occurrences, or consequences therefrom, which the inspection and/or testing is designed to detect or avert. If Sullivan Fire Protection Corp. shall be found liable for loss or damages due to a failure of inspection and/or testing in any respect, Sullivan Fire Protection Corp. liability shall be limited to the lesser of a sum equal to one-half (1/2) of the current annual inspection charge paid (or to be paid) by the CUSTOMER or \$1,000.00 as liquidated damages and not as a penalty. The amounts payable to COMPANY hereunder are based upon the value of the services and the scope of liability as herein set forth and are unrelated to the value of the premises, CUSTOMER's property or the property of others located in CUSTOMER's premises. IN NO EVENT WILL CONTRACTOR BE LIABLE TO CUSTOMER FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND.

LIMITATION OF LIABILITY AND WARRANTY - NO EXPRESS OR IMPLIED WARRANTIES - THE CUSTOMER UNDERSTANDS AND AGREES THAT SULLIVAN FIRE PROTECTION CORP. HEREBY DISCLAIMS ALL IMPLIED WARRANTIES OF ANY KIND OR TYPE INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY AND ANY IMPLIED WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE. THE CUSTOMER FURTHER UNDERSTANDS AND AGREES THAT COMPANY MAKES NO EXPRESS WARRANTIES AS TO THE SERVICES RENDERED, AND THAT NO REPRESENTATIVE OF SULLIVAN FIRE CORP. HAS ANY AUTHORITY TO MAKE ANY WARRANTIES OR OTHERWISE VARY THE TERMS OF THIS AGREEMENT.

9. Waiver of Subrogation: Sullivan Fire Protection Corp. is not an insurer against loss or damage. Sufficient insurance shall be obtained by and is the sole responsibility of OWNER/CUSTOMER. CUSTOMER agrees to rely exclusively on CUSTOMER's insurer to recover for injuries or damage in the event of any loss or injury to the premises or property therein. CUSTOMER does hereby, for itself and all others claiming by or through it under this Agreement, release and discharge Sullivan Fire Protection Corp. from and against all damages covered by CUSTOMER's insurance, it being expressly agreed and understood that no insurance COMPANY, insurer or other entity/individual will have any right of subrogation against Sullivan Fire Protection Corp.

10. Water Discharge: Sullivan Fire Protection Corp. will make every reasonable effort to prevent the discharge of water into or onto areas of landscaping, decorative pavement, etc. CUSTOMER must provide sufficient and readily accessible means to accept the full flow of water that may be required by tests as determined by the type of inspection and accepts all liability for water discharge.

11. Severability: If any provisions of this Agreement shall be invalid or unenforceable under the laws of the jurisdiction applicable to the Agreement, such invalid or unenforceable provision(s) shall be severed from the Agreement and the Agreement shall be construed as if not containing the particular invalid or unenforceable provision(s), and the rights and obligations of Sullivan Fire Protection Corp. and the CUSTOMER shall be construed and enforced accordingly.

12. Attics: Attics are excluded from this agreement unless after Sullivan Fire Protection Corp. investigation and in its sole discretion the attic and its entry are deemed safe and accessible. Only those attics having a floor-level entry door with stairs, pull down stairs, and/or a permanently mounted access ladder will be considered for inclusion in the agreement. Further, only those attics having appropriate, permanently attached flooring and appropriate lighting will be considered for inclusion in the agreement. Assessment of the suitability of access, flooring and lighting is solely within the discretion of Sullivan Fire Protection Corp. Any attic deemed safe and accessible must be specifically listed on the front of the Agreement to qualify for inclusion in the Agreement. To the extent that any attic is included in the agreement, only such equipment as is safely visible and accessible from the floored area of the attic will be subject to the agreement.

13. Authorization: The person executing this Agreement on behalf of the CUSTOMER, expressly warrants and covenants that he/she is the authorized representative of the Owner of the premises and is authorized to enter into this Agreement for and on behalf of the Owner or Owner's designee.

14. NFPA 25: CUSTOMER has reviewed and is familiar with the National Fire Protection Association Standard 25 (NFPA 25) and understands the requirements and consequences of failure to comply with the requirements therein. CUSTOMER shall comply with the requirements of NFPA 25. CUSTOMER is responsible for maintaining all fire protection equipment in good, working order as outlined in the applicable NFPA Standards and any and all local rules, codes or standards applicable to the jurisdiction where the system(s) is/are located.

15. Entire Agreement: This Agreement contains the entire understanding and final expression of Agreement and supersedes and replaces any previous Agreements between the parties. This Agreement may be amended only in a writing signed by both parties.

Stratagem Security is pleased to present you with the following proposal for your location. Based on your input and our evaluation of your needs, we have prepared a scope of work which details the equipment recommended for your facility.

The solution proposed represents Stratagem Security's most versatile, flexible and reliable system solution. The proposed system comes recommended to you only after extensive analysis of your business and security needs and requirements. As such, we believe the proposed solution offers the most cost-effective method of satisfying your initial requirements while supplying a strong base which can be expanded to accommodate future needs.

We will remain at your service to provide any clarification, definition, or further description of any portions of this proposal as you may require. We are confident you will be pleased with the pricing options available to you.

This proposal pricing is based on OGS Group 77201- Intelligent Facility & Security Systems and Solutions Award PT68864. All labor rates are prevailing wage and are based on fixed rate/lump sum agreement.

The below is a line from OGS on How to use the contract:

<https://ogs.ny.gov/system/files/documents/2019/04/23150attachment16.pdf>

Authorized Users MUST obtain a separate Prevailing Rate Case Number (PRC#) for each purchase from this contract where prevailing wage rates apply. The PRC # provided in this Bid is for information and evaluation purposes of the Centralized Contract only. When an Authorized User submits the request for the applicable prevailing wages, the Department of Labor will send the Authorized User an email with a link to the PRC information for the particular service agreement requested. For access to the Department of Labor (DOL) PRC # request page, use the following link (please copy and paste into internet browser address bar as direct link does not work):

Resolution Authorizing an Amendment to City Code Chapter 460, Vehicles and Traffic as it Pertains to Scooters

WHEREAS, the Police Chief is recommending that the Common Council add enforcement provisions regarding scooters and electric scooters to the City's Vehicle and Traffic Code.

NOW THEREFORE BE IT Resolved, and be it Ordained, by the Common Council of the City of Middletown, New York, as follows:

Section 1 – The Code of the City of Middletown, N.Y., Chapter 460, Vehicles and Traffic, is hereby amended by replacing Section 460-35, Bicycles and motorcycles, to read in its entirety as follows:

§460-35. Bicycles, motorcycles, and scooters.

A. Definitions.

Electric Scooter. A wheeled device weighing less than 100 pounds that has handlebars and a floorboard or a seat that can be stood or sat upon while operating, can be powered by an electric motor and/or human power, has a maximum speed of no more than 20 miles per hour on a paved level surface when powered solely by the electric motor, and qualifies to be operated on public roadways as an “electric scooter” as defined and regulated in the New York State Vehicle and Traffic Law.

B. No person or persons shall ride any bicycle, tricycle, motorcycle, scooter, electric scooter, motor bicycle, motor tricycle, unicycle, or electric unicycle over or upon any sidewalk intended for the use of pedestrians within the limits of the City. This section shall not apply to persons who cannot walk by reason of being invalids or cripples, nor to children under 10 years riding on tricycles or small bicycles.

C. No person or persons shall ride or propel any bicycle, motorcycle, motor bicycle, motor tricycle, scooter, electric scooter, unicycle, or electric unicycle upon any of the streets, avenues or public places within said City at a greater rate of speed than 30 miles per hour.

D. All bicycles, motorcycles, and electric scooters shall be equipped as required by the Vehicle and Traffic Law of the State of New York.

E. Permissible ages and places for operating electric scooters. No person less than 16 years of age shall operate or ride as a passenger upon an electric scooter, and no person 16 years of age or older shall allow any person less than 16 years of age to operate or ride as a passenger upon an electric scooter. Persons 16 years of age or older shall operate an electric scooter near the right-hand curb or edge of the roadway or upon a usable right-hand shoulder. Riding should be in such a manner as to prevent undue interference with the flow of traffic except when preparing for a left turn or when reasonably necessary to avoid conditions that would make it unsafe to continue along the right-hand curb or edge of the roadway. Conditions to be taken into consideration as potentially unsafe include, but are not limited to, fixed or moving objects, motor vehicles, pedestrians, bicyclists, in-line skaters, skateboarders, animals or surface hazards.

F. Yield to pedestrians. The operator of a bicycle, tricycle, motorcycle, scooter, electric scooter, motor bicycle, motor tricycle, unicycle, or electric unicycle shall yield the right-of-way to pedestrians.

G. Operators of electric scooters, electric bicycles, and electric unicycles must wear protective headgear and/or helmets, fastened, at all times while operating such devices on a public roadway or City-owned property within the City of Middletown.

H. Passengers and towing. No electric scooter or electric bicycle shall be used to carry more than one person at one time, unless specifically designed to do so. A person operating an electric scooter shall not carry any person as a passenger in a pack fastened to the operator or to the scooter and shall not pull or tow any separate device.

I. Parking on sidewalks. No person shall park or leave a bicycle, tricycle, motorcycle, scooter, electric scooter, motor bicycle, motor tricycle, unicycle, or electric unicycle in a manner that interferes with the free passage of pedestrians on a sidewalk or that blocks handicap

accessible ramps or curb access.

J. A violation of this Section is an offense punishable by a fine not less than \$50 nor more than \$500 or by imprisonment for a period not exceeding 15 days, or by both such fine and imprisonment. In the event that the violator is less than 16 years of age, a summons may be issued to the parent and/or guardian. In addition, a second or subsequent violation of this Section is also punishable by impoundment of the subject vehicle for a period not to exceed sixty (60) days. A vehicle that is impounded in violation of this Section shall only be released to the titled and/or registered owner, as listed on a valid title and/or registration, or to a subject with a proper notarized bill of sale that includes the vehicle identification number and indicates he/she is the owner of said vehicle. No vehicle shall be released until the owner pays all towing and storage fees associated with the impoundment.

Section 2 - Severability. The sections, paragraphs, sentences, clauses, and phrases of this Ordinance are severable, and if any phrase, clause, sentence, paragraph, or section of this Ordinance shall be declared unconstitutional or illegal by the valid judgment or decree of a court of competent jurisdiction, such unconstitutionality or illegality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this Ordinance.

Section 3 - This Resolution and Ordinance shall take effect immediately.

AGREEMENT

THIS AGREEMENT made this 11 day of December '25 pursuant to the provisions of Article 7 of the Agriculture and Markets Law, by and between the **City of MIDDLETOWN**, a municipal corporation organized under the laws of the State of New York, party of the first part, address 16 James Street, Middletown, NY 10940 (hereinafter referred to as the "City", and The Humane Society of Port Jervis/Deerpark, Inc., a not-for-profit corporation duly organized and existing under the Not-For-Profit Law of the State of New York, and having its office and principal place of business at 202 Route 209, Port Jervis, New York, 12771, party of the second part (hereinafter referred to as the "Society").

WITNESSETH:

WHEREAS, the Society owns and operates a shelter for the care of dogs and the City requires a facility suitable for such shelter and care, and

WHEREAS, the City desires to utilize the services of the Society and access to said shelter,

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements contained herein, the Society and the City do hereby agree as follows:

1. The Society shall maintain a shelter for dogs seized within the City by an authorized Dog Control Officer in accordance with Article 7 of the Agriculture and Markets Law. The Society's duties with respect to said dogs shall be performed at the cost and expense of the Society, and are as follows:
 - a) To properly shelter, care, feed, and water such dogs for the minimum redemption period required by the Agriculture and Markets Law;
 - b) To make such dogs available for redemption by their owners for a period of time equal to or greater than the minimum redemption period.
 - c) To make such dogs available for adoption for a period of time equal to or greater than the minimum redemption period if at the end of the appropriate redemption period, said dog has not been redeemed by its owner, provided that the dog's temperament and health makes it suitable for adoption, which is to be determined solely by the Society's Director.
 - d) To determine that the appropriate license has been issued and the appropriate fees paid to the City before the dog is released to the owner. The Society shall have no obligation to return the dog to the owner until satisfactory proof of such has been provided to the Society.
 - e) Any sick or injured animal picked up by the Dog Control Officer shall receive appropriate veterinarian care prior to delivery to the shelter. At the time of delivery to the shelter, the Dog Control Officer shall provide the shelter, in writing, the veterinarian's diagnosis, treatment protocol, and necessary medication

to treat the dog. Any subsequent additional expense related to the dog shall be billed directly to the Town.

f) To arrange for a veterinarian or a New York State licensed technician to humanely euthanize any dog for which euthanasia is necessary and legally authorized, and to arrange for the cremation of any dogs so euthanized.

g) To prepare, retain, and make available to the City complete and accurate records concerning the care and disposition of all dogs cared for by the shelter hereunder as well as any expenses incurred and any fees collected.

2. The Society shall **NOT** accept for impoundment any dogs which:

a) Are in need of veterinary services, except in accordance with paragraph 1(e), or

b) Are not accompanied by the appropriate Dog Control Officer's seizure report

3. The Society shall accept from the Town Dog Control Officer(s) any homeless stray and abandoned which are picked up by the Dog Control Officer(s) in the City. The Society will allow the Dog Control Officers(s) of the City access to its shelter at reasonable times. Nothing herein shall obligate the City to deliver to the Society any minimum number of dogs or all of the dogs seized in the City by the City Dog Control Officer(s).

a) In consideration for the above mentioned services, the City shall remit to the Society, within 20 days after the Town Board has audited and approved for payment the Society's voucher, the sum of **\$300.00 per dog** to be paid quarterly.

4. Nothing contained herein shall limit the Society's rights under Section 183 of the Lien Law, or pursuant to Section 373 of the Agriculture and Markets Law, or as derived from any other general or special law, or by means of any civil action or proceeding to recover from the owner thereof any necessary or reasonable costs and expenses incurred by the Society in providing pound and shelter for any Town dogs.

Nothing contained herein shall limit the Cities rights under applicable provisions of the law, or by means of any civil action or proceeding, to recover from the owner of any dog delivered by the City to the Society's shelter any fees, charges or outstanding fines or penalties owned by such owner of the City.

Nothing herein shall obligate the City to deliver to the Society any minimum number of dogs or all of the dogs seized in the City by the Town Dog Control Officer(s).

6. The term of this agreement is from **January 1, 2026**, through **December 31, 2026**, unless earlier terminated pursuant to the provisions of paragraph 8. In the event that the parties fail to fully renew this Agreement upon the termination of same, this Agreement shall be deemed to be self-perpetuating, unless the same is formally terminated as hereinbefore provided by either party.

7. The Society shall not commence services under this contract unless it has obtained all insurance required under this paragraph and such insurance has been approved by the Town.

a) **Compensation Insurance** - The Society shall take out and maintain during the life of this contract Workers' Compensation insurance for its employees to be assigned to the work hereunder.

b) **General Liability and Property Damage Insurance** - The Society shall take out and maintain during the life of this contract such general liability and property damage insurance as shall protect it from claims for damages for personal injury, as well as from claims for property damage which may arise from operations under this contract. The amounts of such insurance shall be as follows: (**See attached Certificate of Insurance**).

c) The Society shall furnish the above insurances to the City and shall also name the City as an additional named insured in said policies.

d) Any significant incident involving a dog after it has been delivered to the shelter shall be reported to the Office of the Supervisor of the City as soon as possible and not later than twenty-four hours from the time of such incident. A detailed written report must be submitted to the City as soon thereafter as possible but not later than three (3) days after the date of such incident.

8. The City shall have the right to cease performing (except for payment for past services rendered) or terminate the contract if:

a) The Society is adjudged bankrupt or makes an assignment for the benefit of creditors; or

b) A receiver or liquidator is appointed for the Society or for any of its property and is not dismissed within twenty (20) days after such appointment or the proceedings in connection therewith are not stayed on appeal within the said twenty (20) days, or

c) The Society fails or refuses to comply with all applicable laws or ordinances; or

d) The Society is guilty of substantial violation of any provision of this contract;

e) In any event, either party, may, without prejudice to any other rights or remedy it may have, with fourteen (14) days written notice to the other party, terminate this Agreement.

9. The Society shall have the right to ease performing or terminate the contract if the City is guilty of a substantial violation of any provisions of this Contract.

10. It is hereby mutually covenanted and agreed that the relation of the Society to the services to be performed by it under this Contract shall be that of an independent contractor. As an independent contractor, it will be responsible for all damage, loss or injury to persons or property that may arise in or be incurred during the conduct and progress of said services, whether or not the Society, its agents, or employees have been negligent. The Society shall hold and keep the City free and discharged of and from any and all responsibility and liability

of any sort or kind. The Society shall assume all responsibility for risks or casualties of every description, for loss or injury to persons or property arising out of the nature of the services, from the action of the elements, or from any unforeseen or unusual difficulty. The Society shall assume all blame, loss and responsibility of any nature by reason of neglect or violation of any federal, state, county or local laws, regulations or ordinances.

11. The Society agrees to defend, indemnify and save the City, its officers, agents and employees, harmless from any and all liability imposed on the Town, its officers, agents and/or employees arising from the negligence, active or passive, of the Society, and the Town agrees to defend, indemnify and save the Society, its officers, agents and employees, harmless from any and all liability imposed on the Society, its officers, agents and/or employees arising from the negligence, active or passive, of the City.

12. In accordance with the provisions of Section 109 of the General Municipal Law, the Society is hereby prohibited from assigning, transferring, conveying, subletting or otherwise disposing of this Agreement, or of its right, title or interest in this Agreement, or its power to execute this agreement, to any other person or corporation without the previous consent in writing of the City.

13. Each and every provision of law and clause required by law to be inserted in this Contract shall be deemed to have been inserted herein. If any such provision is not inserted through mistake or otherwise, then upon the application of either party this contract shall be physically amended to make such insertion. In particular, the Society shall, amongst other things, fully comply with:

- a) Labor Law Section 220-e and Executive Law Sections 291-299 and the Civil rights Law relating to prohibition against discrimination and equal opportunity.
- b) Affirmative action as required by the Labor law

14. Should any dispute arise between the City and the Society regarding the manner or sufficiency of the performance of the services to be rendered hereunder, the disputed matter shall be settled by arbitration in accordance with the laws of the State of New York. There shall be three arbitrators, one of whom shall be selected by each of the parties hereto, and the third by two arbitrators so selected. If the selection of any arbitrator is not made within fifteen (15) days of the time that either party has notified the other of the name of the arbitrator it has selected, then the arbitrator or arbitrators not selected shall be appointed in a manner provided by the laws of the State of New York. The work shall not be interrupted or delayed pending such decision.

15. The Supervisor has executed this Agreement pursuant to a Resolution adopted by the Town Board of the **Town of MIDDLETOWN**, at a meeting thereof held on 11 December 2025. The Supervisor of the **Town of MIDDLETOWN**, whose signature appears hereafter, is duly authorized and empowered to execute this instrument and enter into such an agreement on behalf of the Town. The Society represents that the officer of the Society, whose signature appears hereafter, is duly authorized and empowered to execute

this instrument and enter into such an agreement on behalf of the Society. The instrument shall be executed in duplicate. At least one copy shall be permanently filed, after execution thereof, in the office of the City Clerk.

16. Any and all notices and payments required hereunder shall be addressed as follows, or to such other address as may hereafter be designated as follows, or to such other address as may hereafter be designated in writing by either party hereto:

To: **Town of MIDDLETOWN**
16 James Street
Middletown, NY 10940

To: **The Humane Society of Port Jervis/Deerpark, Inc.**
202 Route 209
Port Jervis, New York 12771

17. No waiver of any breach of any condition of the Agreement shall be binding unless in writing and signed by the party waiving said breach. No such waiver shall in any way affect any other term or condition of this Agreement or constitute a cause or excuse for a repetition of such or any other breach unless the waiver shall include the same.

18. This Agreement constitutes the complete understanding of the parties. No modifications of any provisions thereof shall be valid unless in writing and signed by both parties.

19. This Agreement is governed by the laws of the State of New York.

IN WITNESS WHEREOF, the City of MIDDLETOWN has caused its corporate seal to be affixed hereto and these present to be signed by Joseph M. DeStefano _____, its Supervisor duly authorized to do so, and to be attested by Richard P McCormack _____, Clerk of the City of MIDDLETOWN, and the Society has caused its corporate seal to be affixed hereto and these presents to be signed by its President, the day and year first above written.

Joseph DeStefano, Mayor
City of Middletown
16 James Street
Middletown, NY 10940

Dear Mayor:

We are pleased to extend our services to you for 2026.

As you may know, the Humane Society of Middletown has gone to great lengths to increase significantly adoption of animals received from your town/city to permanent, loving families. In addition, we have improved the quality of life for the animals at the Humane Society while they await their new families. We appreciate your support, and hope that the Humane Society will continue to provide your residents with a source of affordable rabies vaccinations. Residents can learn more about Humane Society activities and services, as well as the loving animals that are available for adoption, by going to our website, www.middletownhumanesociety.com.

If the enclosed agreement meets with your approval, kindly sign it and return an executed contract at your earliest convenience to the attention of Martha Gale, Financial Administrator at the above address.

If you have any questions, now or at any time, please do not hesitate to contact us.

Very truly yours,

Agreement between the City of Middletown and the Humane Society of Middletown, Inc. for the period beginning January 1, 2026 and ending December 31, 2026.

The Humane Society of Middletown, Inc. agrees to accept any dog brought to our shelter by your Animal Control Officer (ACO), or Dog Control Officer (DCO), from your municipality space permitting.

The dogs, in accordance with New York State Agricultural law, must be held for the legal holding period, after which they may be put up for adoption if not claimed by the owner. If said dogs are not claimed or adopted, they may be humanely euthanized.

If the Shelter must hold a dog beyond the legal holding time for your municipality because of a pending court case, bite case, etc., we will charge your municipality \$25.00 per diem, per dog. We can only hold up to three (3) animals for your municipality when the animals are seized by an ACO/DCO in the event of a cruelty case.

When leaving a dog that the DCO/ACO believes may be dangerous, the dog must be kept in the outside only part of the ACO/DCO pen and follow the agreed upon protocol. Written information must be given to the shelter or the shelter manager that clearly communicates that the animal may be dangerous.

Since we do not have a veterinarian on premises, we are unable to accept any animal with suspected mange, rabies, distemper, parvovirus or an injury that requires immediate medical attention. These animals will have to be taken to a veterinarian by your ACO/DCO for treatment or euthanasia. Any resulting bills for these animals will be paid directly to the veterinarian by your Town/City.

If the Humane Society assists your municipality due to the unavailability of your animal control officer or police department, your municipality will be billed an additional fee of \$100.00.

The municipality will pay a fee of \$300.00 per dog delivered to the Society.

The municipality will pay a fee of \$75.00 per cat delivered to the Society.

A flat rate of \$100.00 will be charged for each dog delivered DOA.

A flat rate of \$50.00 will be charged for each cat delivered DOA.

The Humane Society will send out vouchers once a month. A record of the disposition of the dogs from the prior month will be sent out by the end of the month.
