Dear Faculty/Staff, Students, Local Businesses, and Middletown Community:

We would like to express our sincere gratitude to everyone who supported the Diversity Club during our Fifth Annual Multicultural Night at Middletown High School on Friday, April 24, 2026. A heartfelt thank you goes out to each of you; this event would not have been possible without your support, dedication, and generosity.

It was truly a joy to witness our school and community come together to celebrate the vibrant tapestry of diverse cultures, ethnicities, and artistic expressions. The culinary offerings were a delightful reflection of the many cultures we embrace and were enjoyed by all. We would also like to acknowledge the exceptional performances and speakers who left a positive impact on our school and community.

Once again, we extend our deepest thanks and best wishes from the Diversity Club, our Middletown High School community, and a heartfelt acknowledgment to our generous sponsors, administrative, custodial, security, and cafeteria staff for supporting our mission. We eagerly anticipate celebrating with you again next year.

With sincere appreciation,

Old Business

Transission Update

The Superintendent provided an update on the transition of Parks to DPW and Seniors to Recreation. Overall, the transition is moving forward, and Julisa has been great to work with throughout the process. On my end, there is still a lot to learn as I get more familiar with the senior programs and operations. Some immediate changes have already been identified, and once they receive approval from the Mayor, we will begin moving forward with implementation.

NY Plays Grant

The Superintendent provided an update on the NY Plays Grant. I am currently working on identifying a location for a new playground, as well as a site for a major playground upgrade.

I also shared a proposal to develop a new Bike Playground at the back of Davidge Park, in the area where the horse rings are currently located. This type of amenity is unique and not currently offered in neighboring communities, which could make it a valuable addition. This concept would be considered in place of constructing a new playground at Wolsayer Field.

Several potential locations have also been identified for playground upgrades, including Thrall Park, Linden Avenue Park, and Beattie Avenue Park.
